## INDEX & SUBJECT GUIDE

This Hansard Index and Subject Guide is a guide to – rather than an exhaustive summary of – information contained in the Official Report of the Legislative Council Debates in the parliamentary session 2003-04 (Volume 121).

The Index records not only what is said by Members, but, amongst other things, details of Questions asked, motions and amendments passed, and Bills being taken through their various Readings. A subject guide and ‘digest’ of Members’ views is also provided.

To use the Index, select the topic you require and follow any links provided. For example, a search under **Health and Social Security, Department of** will also direct you to: *Christian, Hon. Clare, Minister for DHSS, community care, Disability Discrimination Bill, hospital, nursing and Singer, Questions for Oral Answer*. All entries are listed alphabetically.

### *Notes:*

Questions are listed (1) under the name of the Member asking; (2) the Department or individual being questioned; and (3) separately under the relevant subject heading(s).

Bills are listed under: (1) **Bills**, and the relevant stage of their passage through the Legislative Council; (2) the title of the Bill; (3) the Member responsible for taking the Bill through Council.

Index prepared and edited by The Office of The Official Report
