INDEX & SUBJECT GUIDE

This Hansard Index and Subject Guide is a guide to – rather than an exhaustive summary of – information contained in the Official Report of the Legislative Council Debates in the parliamentary session 2006-07 (Volume 124).

The Index records not only what is said by Members, but, amongst other things, details of Questions asked, motions and amendments passed, and Bills being taken through their various Readings. A subject guide and ‘digest’ of Members’ views is also provided.

To use the Index, select the topic you require and follow any links provided. For example, a search under **Health and Social Security, Department of** will also direct you to: *see also Drug and Alcohol Unit; see also drugs; see also Social Services*. All entries are listed alphabetically.

Notes:

Questions are listed (1) under the name of the Member asking; (2) the Department or individual being questioned; and (3) separately under the relevant subject heading(s).

Bills are listed under: (1) **Bills**, and the relevant stage of their passage through the Legislative Council; (2) the title of the Bill; (3) the Member responsible for taking the Bill through Council.

Index prepared and edited by The Office of The Official Report

Civil Service (Amendment) Bill does not require a continuing Chief Minister with a new Council of Ministers to reappoint the Civil Service Commission, 47

congratulations on completion of Parish Walk, 108

moves appointment of Jonathan King to be new Clerk of Council, 91

Personal Liability (Ministers, Members and Officers) Bill does not cover political actions of Members in the parliamentary sphere, but does cover parliamentary functions and duties of the Clerk of Tynwald and his officers, 84

supports the Road Races (Temporary Modification) Bill because it does allow at least some classic racing; seems a shame that only classic bikes this year will be seen on Billown circuit and not on TT course, 37

Christian, Clare, MLC –

Chairman of MEA should receive same pay as other Statutory Boards' chairmen; current MEA Chairman doesn't accept payment anyway, 106-107

Chief Minister currently has no powers except powers of persuasion; Civil Service (Amendment) Bill will introduce first real powers, 45

elected to Standing Orders Committee of the Legislative Council, 17

happy to support principle of Road Races (Temporary Modification) Bill, but we need to consider impact on southern community, 26

happy with amendment to limit broadcasting licence to 30 years or less, 10

has concerns about Education (Amendment) Bill, 120 hopes amalgamation of Onchan wards will not lead to urbanisation of rural areas, 104

other reason the Chief Minister is standing down from service on MNH is that there is a petition of dolence regarding a Government Minister, 3

Personal Liability (Ministers, Members and Officers) Bill only covers Members in their departmental roles and not in a parliamentary context, 68

raises question over 'appointed day' in Education (Amendment) Bill, 114

seconds amendment to Civil Service (Amendment) Bill, to disallow MEA chief executive from being on MEA board, 49

some concerns over hours of road closures in Road Races (Temporary Modification) Bill, especially because information is going to people after dealing with Bill, 36

supports gender-neutral language, 75

supports principle of Civil Service (Amendment) Bill but why does power of appointment lie solely with Chief Minister?, 39

there is political will in Tynwald to give Manx Radio a special status, 10-11

too rigid to say Speaker or Deputy Speaker should not be eligible to become Chief Minister; tightening down too much on available talent in Tynwald, 101-102

was affected in the past by unjust provision that as an MLC retiring from post in Government, she could not be paid until a successor was appointed – unlike MHKs in same position, 106

Crowe, Pam, MLC –

a shame there wasn't more time to look at Education (Amendment) Bill – even AG is not as happy as usual with legislation, 119
 congratulates ISD on implementation of new telephone system throughout Government, 60
 elected to Joint Committee on the Emoluments of Certain Public Servants, 17
 moves Report by Committee on Broadcasting (Amendment) Bill, recommendations approved, 9
 neither the Communications Commission nor Manx Radio could give a valid reason why they would need a 30-year licence, 12
 re new Board of Education: if an advisory body needs setting up, it should have a very clear remit from the start, 111
 wants to ensure that St John Ambulance service has been informed re holding race on Sunday, 27th May, 27
 was the Member who moved the unsuccessful attempt to amalgamate the Onchan wards, four years before, in Tynwald, 104
 would be delighted if Onchan, Laxey, Lonan and Braddan would all combine local authorities to achieve best value for money, 104

Downie, Alex, MLC –

appropriate for Governor to sign certificate for designated persons in Personal Liability (Ministers, Members and Officers) Bill, 74

as a Manxman, is proud that TT has not developed like other European races which are held on Sundays; IOM has made decision that Sunday is a special day, 28

Billown circuit, pre-TT races were originally introduced for people who had to come early to TT; used to also be post-TT events and Steam Packet races for those unable to leave Island, 32

Chairman of MEA had special provisions under Electricity Act, and special remuneration; nowadays with political Chairman, he should receive the same as Chairmen of all other Statutory Boards, 106

clear for those who wish to see it that a member of the MEA board had aspired to become chief executive, which is why Electricity Act was drafted as it was, 50
 hopes for additional training to improve Civil Service, 48

is already a co-opted member of Manx Museum and National Trust, 4

Lord Bishop and ~ proposed; Lord Bishop elected to Manx Museum and National Trust, 3-4

Manx Radio will require significant resources, especially for digital broadcasting, 10

recent review of Statutory Boards, and new guidelines say periods of office are constantly reviewed; people

write in to Chief Minister's Office to put names on a list, 46
 supports removal of Chief Secretary from Civil Service Commission; introduction of JESP should create more independent stance in pay negotiations, 45
 the 1993 Broadcasting Act is a good piece of legislation which does set down the ground rules, 12
 TT re-enactment will start at 10.00 a.m. on bank holiday Monday, same time as first race in 1907; there will be congestion in St John's area well up to 1.00 p.m., 30
 well recalls Bishop's introduction to Manx politics with Onchan District Act debate; everyone was impressed with Mr Watterson's presentation, 104
 why not just decide on an Acting Speaker when it is necessary and do away with a permanent Deputy Speaker?, 102
 will talk to DTL Minister, and ask for evidence of meaningful dialogue with residents around Billown circuit, 30
 world's media will be at St John's for unique motorcycling event, 32

Lord Bishop, The (The Rt. Rev. Graeme Knowles) –

bizarre way to proceed, holding public election to a body which is only advisory; building frustration into a new body would be extremely foolish, 110
 Civil Service (Amendment) Bill is wholly laudable, but the exceptions, especially for the MEA, are rather bizarre, 39
 congratulations on new post, 43
 ‘consultation’ on Road Races (Temporary Modification) Bill was just a letter saying what was going to happen; later becomes ‘notification’ in Mr Downie’s speech; letter

was only addressed to MHKs, 26, 30
 elected to Manx Museum and National Trust, 4
 hopes that in future the legislative drafters are careful of using ‘appointed day’ to avoid any confusion, 120
 re Onchan District (Amendment) Act: ‘It gives me unbelievable pleasure to second this particular motion’, because first ever Tynwald sitting was to sit through 3½ hours of debate on Onchan District Act, 103
 should Deputy Speaker assume powers as Deputy President, when Speaker is not on Island? 101
 surprised that school governors are paid in Isle of Man, 110

thanks and good wishes to ~ on final sitting of Council, 108

to govern a school is very heavy responsibility: you can only chair one board of governors, 110

willing to support Road Races (Temporary Modification) Bill on understanding that it is ‘not the thin end of the wedge’; important to remember that people on Sunday do move around the Island to worship in church, 26

amendments moved –

to Civil Service (Amendment) Bill, to disallow MEA chief executive from being on MEA board, 49

see also churches

see also Manx Museum and National Trust

see also Road Races (Temporary Modification) Bill

Lowey, Eddie, MLC –

better to get all the motor cycle racing done in one day than over two days, with all the machines and the back-up, 36

chief executive of a Department or Board is principally an administrator, so does not need to be on the board, 50

Chief Secretary should not attend all meetings of Civil Service Commission – just as and when needed, 46

Civil Service (Amendment) Bill will remove mystique from Civil Service Commission, 48

current situation with Chief Minister is like having a conductor of an orchestra who can conduct the strings but not the wind or percussion sections, 39, 46-47

Governor can sign a Bill dealing with purely local issues, without having to go to London for Royal Assent, 29

in organising any event, local community must be told, for it to be a success; in fact it’s imperative, 27, 31

Joint Committee on the Emoluments of Certain Public Servants – First Report 2006-07 received and recommendations approved, 105

knows the people in the Southern 100 Motor Cycle Club, including George Peach, and has no criticism for them, 36

many people are not comfortable with further erosion of the Sabbath by holding racing on Sunday, 27

pays tribute to Onchan for bringing two wards together; just wishes it could have been quicker! 103

perturbed that Governor is being involved in Personal Liability (Ministers, Members and Officers) Bill; wrong in principle, 73

pressurised when taking through Electricity Bill, as Chairman of Trade and Industry, to allow MEA chief executive to be member of board; compromised to say ‘may’, 46, 49

role of LegCo is to try to reflect wishes of House of Keys and Tynwald Court in a practical working document, but not just to get legislation through speedily, 17

Speaker is not automatically Deputy President, 101

supports Lord Bishop’s amendment to Civil Service (Amendment) Bill, to disallow MEA chief executive

from being on MEA board; but what about IPA and FSC, etc?, 49-50

thanks and good wishes to the Lord Bishop and the Clerk on their final sitting of Council, 108

to pass the Civil Service (Amendment) Bill and then continue with present practice would damage confidence, 39

Tynwald imposed the 30-year element on the debate regarding the broadcasting licences, not the Committee which was set up to look at it, 12

Vice-Chairman of MEA, 49

was a member of the Road Racing Committee organising the centenary TT until November, 26

was stuck in traffic on Silverdale Road for 2½ hours one TT, 27

was told that no-one in Castletown had been made aware of the change to the Billown circuit races to take place on Sunday, 27th May, 27

worried about removing Chief Secretary from Civil Service Commission and then allowing her back to advise: seems to water down the Bill, 44

Turner, Juan, MLC –
 not sure if he has ever voted in a Board of Education election himself!, 111
 supports Onchan amalgamating wards, but doesn't want street lighting cropping up in rural areas; hopes the Commissioners will remember the rural areas do get a slightly lesser service, 104
 swearing-in, 87
 to run through the whole election process for the Board of Education, only to find they have got no power is a pointless exercise, 111

welcome to Council, 91

W

Waft, George, MLC –

compliments people who organise all TT entertainment to fit into two weeks, 31

has also fallen foul of fact that MLCs retiring from Government roles do not get paid until successor is appointed; still relevant today for Chairmen and Members, if not for Ministers, 107

in support of Road Races (Temporary Modification) Bill if it will alleviate some of the bottlenecks of TT fortnight; in the interests of public safety to make an exception, 27, 37

interesting to see that Education (Amendment) Bill

confirms the date on which it should be appointed, 114
recently chaired a public meeting re amalgamation of
Onchan wards: general feeling was 'just get on with
it', 104

stronger Tynwald representation on Civil Service
Commission has been on the cards for some time; recent
