INDEX

This *Hansard* Index is a guide to – rather than an exhaustive summary of – information contained in the Official Report of the House of Keys Debates in the parliamentary session 2006-07 (Volume 124).

The Index records not only what is said by Members, but, amongst other things, details of Questions asked, motions and amendments passed, and Bills being taken through their various Readings. A subject guide is also provided.

To use the Index, select the topic you require and follow any links provided. For example, a search under **Noble's Hospital** will also direct you to: *see also cataract operations, National Health Service*. All entries are listed alphabetically.

Notes:

Questions are listed (1) under the name of the Member asking; (2) the Department or individual being questioned; and (3) separately under the relevant subject heading(s).

Bills are listed under: (1) **Bills**, and the relevant stage of its passage through the House of Keys; (2) the title of the Bill; (3) the Member responsible for taking the Bill through the House.

Index prepared and edited by the Office of the Official Report
