

**84. Accommodation for Vulnerable Young People –
Equal treatment of estranged young people and care leavers**

The Hon. Member for Onchan (Mr Callister) to ask the Minister for Health and Social Care:

Pursuant to the Select Committee Report on Accommodation for Vulnerable Young People, whether he has commissioned an impact assessment of legislation that entitles estranged young people to be treated the same as care leavers?

The Minister for Health and Social Care (Mr Ashford): This recommendation of the Select Committee has not been concluded. Progress was put on hold during the COVID-19 response.

All of the recommendations of the Select Committee will now be amalgamated into the development of a Homeless Strategy, led by the Cabinet Office.
