

Extinguishing and Obscuring of Lights.

His Excellency the Lieutenant Governor as a Competent Military Authority has issued an Order (a copy of which is appended) under the Defence of the Realm (Consolidation) Regulations, 1914, directing that all lamps on promenades and piers in the Island, except navigation beacons, shall be kept extinguished until further orders and that all street lamps shall be put out daily at 9 p.m.

The Secretary of State has under the same Regulations made an Order (a copy of which is also appended) prohibiting the use of powerful lights on motor or other vehicles in all places where the lighting of the streets has been reduced, and the Police will observe that the Secretary of State's Order is complied with. The purpose of the Order is to prevent the use of brilliant lights, it is not intended to interfere with the carrying of lights which are necessary for safe driving at ordinary speeds.

The Lieutenant-Governor desires to appeal to the residents of the Island, whether in Town or Country, to assist the general object in view by obscuring all seaward lights which are used either within or without a place of residence or business.

By Order,

B. E. SARGEAUNT,

Government Secretary.

Isle of Man,
13th February, 1915.
