### ARRANGEMENT OF RULES.

1. Citation and commencement.
2. Interpretation.

*Application and Relaxation of Part II of the Act.*

3. Restriction of sales by shopkeepers.
4. Exemption of animal medicines.
5. Extension of labelling provisions and relaxation with respect to poisons in the Second Schedule and in Part B of the Fourth Schedule.
6. Substances to which section 9 (2) of the Act applies.
7. Extension of section 9 (2) to sales wholesale, etc., and relaxation of the said subsection.
8. Relaxation of section 10 (3) in the case of certain medicines.
9. General exemption of section 10 transactions.
10. Exemption from the provisions applying solely to the First Schedule.
11. Complete exemption for articles and substances in the Third Schedule.

*Additional Restrictions on the Sale of Poisons.*

12. Additional restriction of sale of poisons in the Fourth Schedule.
13. Additional restriction of sales by authorised sellers of poisons.
14. Restriction of sales by listed sellers of Part II poisons.
15. Requirement as to colouring in certain cases.
16. Restriction of sale of strychnine and monofluoroacetic acid.

*Supplementary Provisions with respect to Labelling and Containers.*

17. Manner of labelling containers.
18. Labelling of name of poison.
19. Labelling of particulars as to proportion of the poison.
20. Indication of character of the poison.
21. Special cautions in the case of certain articles.
22. Name of seller and address of premises.
23. Form of containers.

*Storage and Transport.*

24. Storage of poisons.
25. Transport of poisons.
26. Special provisions with respect to the transport of poisons specified in the Eighth Schedule.

Price 3/10d.

*Special Provisions with respect to Hospitals*

27. Supply of medicines to out-patients from certain hospitals, etc.
28. Supply of medicines for use in institutions.
29. Storage of poisons in institutions.

*Miscellaneous.*

30. Manufacture of pharmaceutical preparations.
31. Form of application to the Chief Constable, fees to be paid by listed sellers of Part II poisons and form of Chief Constable's list.
32. Certificates of persons to whom poisons may be sold.
33. Form of record of sales.
34. Preservation of records.
35. Revocation.

## SCHEDULES.

FIRST SCHEDULE: Substances included in the Poisons List to which special restrictions apply unless exempted by Rule 10.

SECOND SCHEDULE: Poisons exempted from labelling provisions when sold or supplied in certain circumstances.

THIRD SCHEDULE: Articles exempted from the provisions of the Act and of these Rules.

FOURTH SCHEDULE: Substances required to be sold by retail only upon a prescription given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner.

FIFTH SCHEDULE: Part A—Form to which the substances specified are restricted when sold by listed sellers of Part II poisons.

Part B—Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business.

SIXTH SCHEDULE: Statement of particulars permitted in certain cases as to proportion of poison.

SEVENTH SCHEDULE: Indication of character of article prescribed for the purposes of section 9 (1) (c) (iii) of the Act.

EIGHTH SCHEDULE: Poisons required to be specially labelled for transport.

NINTH SCHEDULE: Form of application for entry in the list kept by the Chief Constable under section 12 of the Act.

TENTH SCHEDULE: Form of the list to be kept by the Chief Constable in pursuance of section 12 (1) of the Act.

ELEVENTH SCHEDULE: Certificate for the purchase of a poison.

TWELFTH SCHEDULE: Form of entry to be made in the book to be kept by sellers of poisons in accordance with section 9 (2) (b) of the Act.

THIRTEENTH SCHEDULE: Forms of certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide.

FOURTEENTH SCHEDULE: Substances in which poison is exempted by Rule 6 from section 9 (2) of the Act.

FIFTEENTH SCHEDULE: Poisons required to be coloured in certain cases.

Isle of Man to wit.

By His Excellency Sir Ronald Herbert Garvey, K.C.M.G., K.C.V.O., M.B.E.,  
Lieutenant Governor of the said Isle, &c., &c., &c.

THE PHARMACY AND POISONS ACT, 1947.

---

THE POISONS RULES, 1960.

---

In pursuance of section twenty-one of the Pharmacy and Poisons Act, 1947, I, the said Lieutenant Governor, do hereby make the following Rules:—

*Citation and commencement.*

1. These Rules may be cited as the Poisons Rules, 1960, and shall come into operation on the same being approved by resolution of Tynwald.

*Interpretation.*

2.—(1) In these Rules unless the context otherwise requires—

“the Act” means the Pharmacy and Poisons Act, 1947;

“animal” includes poultry;

“antimonial poisons” means chorides of antimony, oxides of antimony, sulphides of antimony, antimonates, antimonites and organic compounds of antimony;

“arsenical poisons” means halides of arsenic, oxides of arsenic, sulphides of arsenic, arsenates, arsenites, copper acetoarsenite, sodium thioarsenates and organic compounds of arsenic;

“British National Formulary”, “British Pharmaceutical Codex”, “British Pharmacopoeia” and “British Veterinary Codex” include supplements thereto;

“food” includes a beverage;

“listed seller of Part II poisons” means a person entitled, subject to the provisions of the Act and of these Rules, to sell poisons included in Part II of the Poisons List by virtue of the entry of his name in the Chief Constable’s list kept in pursuance of section twelve of the Act;

“medicine for the internal treatment of human ailments” includes any medicine to be administered by hypodermic injection, but does not include any mouth wash, eye drops, eye lotion, ear drops, douche or similar articles;

“sale exempted by section eleven of the Act” means a sale made in such circumstances as to be entitled, except as provided by these Rules, to exemption under section eleven of the Act from the foregoing provisions of Part II of the Act;

“transaction exempted by section ten of the Act” means the supply of a medicine in such circumstances as to be entitled to exemption under section ten of the Act from the provisions of section nine of the Act.

(2) Any reference in the Schedules to these Rules to the percentage of a poison contained in any substance or preparation shall, unless otherwise expressly provided, be construed in the following manner, that is to say, a reference to a substance or preparation containing one per cent. of any poison means—

- (a) in the case of a solid, that one gramme of the poison is contained in every hundred grammes of the substance or preparation ;
  - (b) in the case of a liquid, that one millilitre of the poison, or, if the poison itself is a solid, one gramme of the poison is contained in every hundred millilitres of the substance or preparation ;
- and so in proportion for any greater or lesser percentage.

(3) The Interpretation Act, 1949, shall apply to the interpretation of these Rules as it applies to the interpretation of an Act of Tynwald, and as if these Rules and the Rules revoked by these Rules were Acts of Tynwald.

#### APPLICATION AND RELAXATION OF PART II OF THE ACT.

##### *Restriction of sales by shopkeepers.*

3. It shall not be lawful for any shopkeeper to sell poisons on any premises used for or in connection with his retail business, notwithstanding that the sale is exempted by section eleven of the Act, unless he complies with the provisions of paragraph (a) or paragraph (b), as the case may be, of subsection (1) of section nine of the Act.

##### *Exemption of animal medicines.*

4. The provisions of paragraphs (a) and (b) of subsection (1) of section nine of the Act shall not apply with respect to any medicine for the treatment of animals sold by a person carrying on a business which comprises the manufacture of medicines for the treatment of animals, if the following requirements are complied with:—

- (a) a statement in writing signed by the owner of the business, or, in the case of a corporate body, on behalf of that body, stating the name of the business, the principal place where it is carried on, the name of the person in charge of the sale of the medicines, and the premises on which the medicines are to be sold must be furnished prior to the sale to the registrar of the Chief Constable ; and
- (b) the sale must be effected on the premises specified in the statement ; and
- (c) an inspector appointed under section twenty-three of the Act must be permitted at all reasonable times to enter the premises and be given all reasonable facilities to make such examination and enquiry and to do such other things (including the taking, on payment therefor, of samples) as may be necessary for ascertaining whether the provisions of the Act and of these Rules are being complied with.

##### *Extension of labelling provisions and relaxation with respect to poisons in the Second Schedule and in Part B of the Fourth Schedule.*

5.—(1) Subject as hereinafter provided, the provisions of paragraph (c) of subsection (1) of section nine of the Act and of Rules 17 to 22 of these Rules (which provisions relate to the labelling of poisons) shall apply

to sales exempted by section eleven of the Act, other than sales of poisons to be exported to purchasers outside the United Kingdom or the Isle of Man; and shall also apply to the supply of poisons (otherwise than on sale) in like manner as if references in the said provisions to the sale and the seller of poisons included references to the supply and the supplier of poisons respectively.

(2) The said provisions, except the provisions of Rule 21 of these Rules and of paragraph (c) (iv) of subsection (1) of section nine of the Act as modified by Rule 22 of these Rules, shall not apply to the sale or supply of any of the poisons included in the Second Schedule to these Rules to a person who—

(a) carries on a business in the course of which poisons are regularly sold by way of wholesale dealing or are regularly used in the manufacture of other articles, and

(b) requires the poison for the purpose of that business,

if the outside of the package in which the poison is sold or supplied is labelled conspicuously with words indicating the dangerous properties of the poison.

(3) The provisions of paragraph (c) (iii) of subsection (1) of section nine of the Act and of Rule 20 of these Rules shall not apply to sales exempted by section eleven of the Act of any of the poisons included in Part B of the Fourth Schedule to these Rules.

*Substances to which section 9 (2) of the Act applies.*

6. The provisions of subsection (2) of section 9 of the Act (which makes provision as to persons to whom poisons may be sold and to the keeping of records of sales) shall apply with respect to all substances included in the First Schedule to these Rules, whether or not the poison sold is a poison included in Part I of the Poisons List, and shall not apply with respect to any other substance:

Provided that—

- (i) paragraph (a) of the said subsection (2) of section nine of the Act shall, in its application to sales by listed sellers of Part II poisons, be deemed to be satisfied if the person to whom the poison is sold is known by the person in charge of the premises on which the poison is sold or of the department of the business in which the sale is effected to be a person to whom the poison may properly be sold, and
- (ii) the provisions of the said subsection (2) of section nine shall not apply, so far as the poison specified in the first column of the Fourteenth Schedule to these Rules is concerned, to sales of substances specified in the second column of that Schedule.

*Extension of section 9 (2) to sales wholesale, etc., and relaxation of the said subsection.*

7.—(1) The provisions of subsection (2) of section nine of the Act as modified by the last foregoing Rule shall apply to sales exempted by section eleven of the Act, except sales of poisons to be exported to purchasers

outside the United Kingdom or the Isle of Man ; and shall also apply to the supply in the form of commercial sample, otherwise than on sale, of any substance included in the First Schedule to these Rules in like manner as if references in the said provisions to the sale and seller of poisons respectively included references to the supply and the supplier of poisons in the form of commercial samples :

Provided that the said provisions shall not apply to the sale or supply of any article by the manufacturer thereof or by a person carrying on a business in the course of which poisons are regularly sold by way of wholesale dealing, if—

- (a) the article is sold or supplied to a person carrying on a business in the course of which poisons are regularly sold or are regularly used in the manufacture of other articles, and
- (b) the seller or supplier is reasonably satisfied that the purchaser requires the article for the purpose of that business.

(2) Paragraph (a) of the said subsection (2) of section nine shall, in its application to sales exempted by section eleven of the Act and to the supply in the form of commercial samples of substances included in the First Schedule to these Rules, be deemed to be satisfied if the person to whom the poison or sample is sold or supplied is known by the person in charge of the department of the business through which the sale or supply is effected to be a person to whom the poison or sample may properly be sold or supplied.

(3) So much of paragraph (b) of the said subsection (2) of section nine as requires an entry in a book to be signed by the purchaser of a poison shall not, as respects the sale of a poison to a person for the purposes of his trade, business or profession, apply if the following requirements are satisfied :—

- (a) the seller must obtain before the completion of the sale an order in writing signed by the purchaser stating his name and address, trade, business or profession, and the following particulars in regard to the article to be purchased, that is to say, the purpose for which it is required and the total quantity to be purchased, or, in the case of an article packed in ampoules, either the said total quantity or the total quantity intended to be administered or injected ;
- (b) the seller must be reasonably satisfied that the signature is that of the person purporting to have signed the order, and that that person carries on the trade, business or profession stated in the order, being one in which the poison to be purchased is used ;
- (c) the seller must insert in the entry prescribed by Rule 33 of these Rules the words “ signed order ” and a reference number by which the order can be identified :

Provided that where a person represents that he urgently requires a poison for the purpose of his trade, business or profession, the seller may, if he is reasonably satisfied that the person so requires the poison and is, by reason of some emergency, unable before delivery either to furnish to the seller an order in writing duly signed or to attend and sign the entry in the book, deliver the poison to the purchaser on an undertaking by the purchaser to furnish such an order within the twenty-four hours next following.

If any purchaser by whom any such undertaking has been given fails to deliver to the seller a signed order in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Rule.

(4) Where the seller of a poison is reasonably satisfied that the poison is required for the purpose of medical, dental or veterinary treatment, there shall not apply—

- (a) in the case of a sale to a hospital, infirmary, health centre, dispensary or clinic, such of the provisions of this Rule as require the purchaser to state his trade, business or profession and the seller to be satisfied with respect thereto ;
- (b) in the case of a sale of the poison not being a poison to which the Dangerous Drugs Act, 1952, applies to a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner or to a hospital, infirmary, health centre, dispensary or clinic, such of the provisions of this Rule as require the purchaser to state the purpose for which the poison is required.

*Relaxation of section 10 (3) in the case of certain medicines.*

8. The requirements mentioned in subsection (3) of section ten of the Act (which requires particulars of medicines supplied or dispensed under that section to be entered in a book) need not be satisfied in the case of—

- (a) any medicine, not being a substance included in the First Schedule to these Rules, which is supplied by—
  - (i) a duly qualified medical practitioner for the purposes of medical treatment, or
  - (ii) an authorised seller of poisons on and in accordance with a prescription given by a duly qualified medical practitioner or a registered dentist ; or
- (b) any medicine, notwithstanding that it is a substance included in the First Schedule to these Rules, which is supplied on and in accordance with a prescription given by a duly qualified medical practitioner or a registered dentist upon a form issued by the Isle of Man Health Services Board for use in connection with the health service of that Board, provided that the following requirements are complied with :—
  - (i) the prescription or a true copy thereof must be kept upon the premises upon which the medicine was dispensed for a period of at least two years in such a manner as to be readily available for inspection, and
  - (ii) the prescription or copy must bear on it particulars of the date of dispensing, the ingredients and quantity of the medicine supplied, and the name of the person by whom, the name and address of the person to whom, and the date on which the prescription was given ; or
- (c) any medicine, notwithstanding that it is a substance included in the First Schedule to these Rules, which is supplied on and in accordance with a prescription given by a registered dentist under and in accordance with the National Health Service (Isle of Man) Act, 1948.

*General exemption of section 10 transactions.*

9. Nothing in these Rules shall apply, except as is expressly provided therein, to transactions exempted by section ten of the Act.

*Exemption from the provisions applying solely to the First Schedule.*

10. Such of the provisions of these Rules and of Part II of the Act as modified by these Rules, as apply solely with respect to the substances included in the First Schedule to these Rules, shall not apply with respect to—

- (a) machine-spread plasters ; or
- (b) surgical dressings ; or
- (c) articles containing barium carbonate or zinc phosphide and prepared for the destruction of rats or mice.; or
- (d) corn paints in which the only poison is a poison included in the Poisons List under the heading of "Cannabis".

*Complete exemption for articles and substances in the Third Schedule.*

11. Nothing in Part II of the Act or in these Rules shall apply—

- (a) with respect to any article included in Group I of the Third Schedule to these Rules ; or
- (b) so far as any poison specified in the first column of Group II of that Schedule is concerned, with respect to any of the articles or substances specified in the second column opposite the description of the poison.

ADDITIONAL RESTRICTIONS ON THE SALE OF POISONS.

*Additional restriction of sale of poisons in the Fourth Schedule.*

12.—(1) It shall not be lawful to sell any poison included in the Fourth Schedule to these Rules, except on and in accordance with a prescription complying with the requirements of paragraph (3) of this Rule given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner :

Provided that where an authorised seller of poisons is reasonably satisfied that a person ordering any such poison is a duly qualified medical practitioner who is by reason of some emergency unable to furnish such a prescription immediately, he may, notwithstanding that no such prescription has been given, if the said person undertakes to furnish him within the twenty-four hours next following with such a prescription, deliver the poison ordered in accordance with the directions of the said person, so, however, that, notwithstanding anything in any such directions, the supply shall not be repeated unless such a prescription has been given.

If any person by whom any such undertaking has been given fails to deliver to the seller a prescription in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Rule.

(2) This Rule shall apply to the sale of any such poison, notwithstanding that it is a transaction exempted by section ten of the Act, but shall not apply to any sale exempted by section eleven of the Act.

(3) For the purposes of this Rule a prescription shall, in the case of any poison included in the Fourth Schedule to these Rules, be in writing and be signed by the person giving it with his usual signature and be dated by him and, in the case of any poison included in Part A of the Fourth Schedule to these Rules—

- (a) except in the case of a health prescription, specify the address of the person giving it ;
- (b) specify the name and address of the person for whose treatment it is given or, if the prescription is given by a veterinary surgeon or practitioner, of the person to whom the medicine is to be delivered ;
- (c) have written thereon, if given by a dentist, the words “For dental treatment only” or, if given by a veterinary surgeon or practitioner, the words “For animal treatment only” ;
- (d) when the medicine is packed otherwise than in ampoules, indicate—
  - (i) except in the case of a preparation contained in the British National Formulary, the total amount to be supplied, and
  - (ii) except in the case of a preparation which is to be used for external treatment only, the dose to be taken ;
- (e) when the medicine is packed in ampoules, indicate—
  - (i) except in the case of a preparation contained in the British National Formulary, either the total amount to be supplied or the total amount intended to be administered or injected, and
  - (ii) in any case, the amount intended to be administered or injected in each dose.

(4) The person dispensing the prescription shall comply with the following requirements:—

- (a) the prescription must not be dispensed more than once unless the prescriber has directed thereon either that it may be dispensed a stated number of times or that it may be dispensed at stated intervals ;
- (b) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals it must not be dispensed otherwise than in accordance with the direction ;
- (c) a prescription which contains a direction that it may be dispensed a stated number of times but no direction as to the intervals at which it may be dispensed shall not be dispensed more often than once in three days, and a prescription which contains a direction that it is to be dispensed at stated intervals but no direction as to the number of times that it may be dispensed shall not be dispensed more often than three times ;
- (d) at the time of dispensing or, where a poison has been delivered under the proviso to paragraph (1) of this Rule, on the subsequent receipt of the prescription there must be noted on the prescription above the signature of the prescriber the name and address of the seller and the date on which the prescription is dispensed or, as the case may be, the poison was delivered ;

- (e) except in the case of a health prescription or a prescription which may be dispensed again, the prescription must, for a period of two years, be retained and kept on the premises on which it was dispensed in such manner as to be readily available for inspection.

(5) In this Rule "health prescription" means a prescription given by a duly qualified medical practitioner or registered dentist under and in accordance with the National Health Service (Isle of Man) Act, 1948, or given by a duly qualified medical practitioner or registered dentist upon a form issued by the Isle of Man Health Services Board for use in connection with a health service of that Board.

*Additional restriction of sales by authorised sellers of poisons.*

13. It shall not be lawful for any authorised seller of poisons to sell any substance included in the First Schedule to these Rules, notwithstanding that the substance is a poison included in Part II of the Poisons List, unless the sale is effected by, or under the supervision of, a registered pharmacist.

*Restriction of sales by listed sellers of Part II poisons.*

14.—(1) No shopkeeper shall be entitled by virtue of being a listed seller of Part II poisons to sell—

- (a) any poison other than ammonia, hydrochloric acid, nitric acid, potassium quadroxalate and sulphuric acid, except in a closed container as closed by the manufacturer or other person from whom the poison was obtained ;
- (b) any substance included in the First Schedule to these Rules unless the sale is effected by himself or by a responsible deputy.

In this paragraph the expression "responsible deputy" means a person nominated as a deputy on the sellers form of application, as hereinafter prescribed, for entry as a listed seller of Part II poisons, or any person substituted, by notice in writing to the Chief Constable, for a person so nominated, and not more than two deputies shall be nominated at the same time in respect of one set of premises.

(2) No person shall be entitled by virtue of being a listed seller of Part II poisons to sell—

- (a) any poison included in the first column of Part A of the Fifth Schedule to these Rules unless the article or substance sold is one of the articles or substances specified against the description of the poison in the second column of that Part, and the container of the substance is, in addition to any other direction of the Act or of these Rules with respect to labelling, labelled clearly with a notice of the special purpose for which the article or substance is intended, and a warning that it is only to be used for that purpose ;
- (b) any poison included in Part B of the Fifth Schedule to these Rules, unless the purchaser thereof is engaged in the trade or business of agriculture or horticulture and requires the poison for the purpose of that trade or business.

*Requirement as to colouring in certain cases.*

15. It shall not be lawful to sell any poison included in the Fifteenth Schedule to these Rules which is intended for use as a weed killer or in the prevention or treatment of infestation by animals, plants or other living organisms unless there has been added to the poison a dye or other substance which renders it of a distinctive colour whether dry or wet or in solution:

Provided that this Rule shall not apply in the case of—

- (a) poisons which are themselves of a distinctive colour,
- (b) sheep dips which are already of a distinctive colour, or
- (c) articles to be exported to purchasers outside the United Kingdom or the Isle of Man.

*Restriction of sale of strychnine and monofluoroacetic acid.*

16.—(1) It shall not be lawful to sell or supply strychnine except as an ingredient in a medicine:

Provided that this Rule shall not apply to the sale of strychnine—

- (a) by way of wholesale dealing ; or
- (b) to be exported to purchasers outside the United Kingdom or the Isle of Man ; or
- (c) for the purpose of being compounded in medicines prescribed or administered by a duly qualified medical practitioner, registered veterinary surgeon or registered veterinary practitioner ; or
- (d) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

(2) It shall not be lawful to sell or supply monofluoroacetic acid or any salt thereof:

Provided that this Rule shall not apply to the sale of monofluoroacetic acid or a salt thereof—

- (a) by way of wholesale dealing ; or
- (b) to be exported to purchasers outside the United Kingdom or the Isle of Man ; or
- (c) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis ; or
- (d) to a person producing a certificate in the form set out in the Thirteenth Schedule to these Rules issued within the preceding three months by the Medical Officer of Health certifying that monofluoroacetic acid or a salt thereof named in the certificate is required for use by employees of a local authority or Board of Tynwald as a rodenticide in ships, aircraft, hangars or sewers in such places, or in such industrial premises or warehouses, as are identified in the certificate ; so, however, that the quantity sold shall not exceed the quantity specified in the certificate.

(3) Any certificate issued under the provisions of this Rule shall be retained by the seller of the poison to which the certificate relates.

SUPPLEMENTARY PROVISIONS WITH RESPECT TO LABELLING AND  
CONTAINERS.

*Manner of labelling containers.*

17.—(1) Subject to the provisions of these Rules, the particulars with which the container of a poison is required to be labelled under paragraph (c) of subsection (1) of section nine of the Act and under these Rules, must appear in a conspicuous position on the container in which the poison is sold and on every box or other covering of whatever nature enclosing the container, and the particulars must be clearly and distinctly set out and not in any way obscured or obliterated.

(2) Where the poison is contained in an ampoule, cachet or similar article, it shall not be necessary to label the article itself, if every box or other covering in which the article is enclosed is duly labelled.

(3) Nothing in the said paragraph (c) or in Rules 17 to 22 of these Rules shall require the labelling of any transparent cover or any wrapper, hamper, packing case, crate or other covering used solely for the purposes of transport or delivery.

*Labelling of name of poison.*

18.—(1) Subject as hereinafter provided, for the purposes of sub-paragraph (i) of paragraph (c) of subsection (1) of section nine of the Act and of sub-paragraph (a) of paragraph (3) of Rule 27 of these Rules the name of a poison shall be—

(a) where the term under which a poison is included in the Poisons List describes the poison specifically—

- (i) the said term ; or
- (ii) the name published by the General Medical Council as the approved name of the poison ; or
- (iii) if the poison is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph ;

(b) where the said term describes a group of poisons and not the poison specifically—

- (i) if the poison is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph ; and
- (ii) in any other case, the accepted scientific name, the name descriptive of the true nature and origin of the poison or the name published by the General Medical Council as the approved name of the poison.

(2) For the purposes aforesaid it shall, in the case of—

- (a) a substance which is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex, or any dilution, concentration or admixture of such a substance ; or
- (b) a preparation contained in the British Pharmacopoeia, the British Pharmaceutical Codex, the British National Formulary or the British Veterinary Codex, or any dilution, concentration or admixture of such a preparation ; or
- (c) a surgical dressing for which a standard is prescribed in the British Pharmaceutical Codex,

be sufficient, notwithstanding anything in the foregoing paragraph of this Rule, to state the name, synonym or abbreviated name used to describe the substance, preparation or surgical dressing in the British Pharmacopoeia, the British Pharmaceutical Codex, the British National Formulary or the British Veterinary Codex with the addition of the letters "B.P.," "B.P.C.," "B.N.F." or "B.Vet.C.," as the case may be.

(3) For the purposes aforesaid it shall, in the case of a preparation containing a poison specified in the first column of the Sixth Schedule to these Rules, be sufficient, notwithstanding anything in paragraph (1) of this Rule, to state the name of the poison or substance mentioned in the second column of the said Schedule in respect of which the proportion of the poison to the total ingredients of the preparation is in accordance with the provisions of paragraph (2) of Rule 19 of these Rules expressed.

(4) For the purposes aforesaid it shall, in the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, be sufficient, notwithstanding anything in paragraph (1) of this Rule, to state the name of strychnine or morphine, as the case may be, or one of the names or abbreviated names of strychnine or morphine, as the case may be, set out at the head of the monographs in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex.

*Labelling of particulars as to proportion of the poison.*

19.—(1) For the purposes of sub-paragraph (ii) of paragraph (c) of subsection (1) of section nine of the Act (which requires preparations containing poisons to be labelled with the prescribed particulars as to the proportion of poison therein) the label of the container of any preparation containing a poison as one of its ingredients shall, subject as hereinafter provided, include a statement of the proportion which the poison bears to the total ingredients of the preparation.

(2) In the case of a preparation containing a poison specified in the first column of the Sixth Schedule to these Rules, it shall be sufficient to state on the label the particulars specified in the second column of that Schedule against the description of the poison.

(3) In the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, it shall be sufficient, so far as those alkaloids are concerned, to state on the label the proportion of strychnine or of morphine, as the case may be, contained in the preparation.

(4) In the case of a substance, preparation or surgical dressing which is named in accordance with paragraph (2) of the last foregoing Rule, it shall not be necessary to state on the label the proportion of the poison contained in the substance, preparation or surgical dressing and, in the case of any dilution, concentration or admixture of such a substance or preparation it shall be sufficient to state the proportion which the substance or preparation bears to the total ingredients of the dilution, concentration or admixture.

(5) Where the poison is in tablets, pills, cachets, capsules, lozenges or similar articles, or in ampoules, it shall be sufficient to state on the label of the box or other covering in which the articles are enclosed the number of the articles and the amount of the poison, or in the case of such a preparation as is mentioned in the last foregoing paragraph the amount of the preparation, contained in each article.

(6) Where any proportion is stated as a percentage, the statement shall indicate whether the percentage is calculated on the basis of weight in weight, weight in volume, or volume in volume.

*Indication of character of the poison.*

20.—(1) In pursuance of sub-paragraph (iii) of paragraph (c) of subsection (1) of section nine of the Act (which requires the containers of poisons to be labelled with the word "Poison" or other prescribed indication of character), the container of any article specified in the Seventh Schedule to these Rules shall, instead of being labelled with the word "Poison", be labelled with the words specified in the said Schedule as applicable to that article.

(2) The said words specified as aforesaid or the word "Poison", as the case may be, must not be modified in meaning by the addition of any other words or marks, and—

- (a) in the case of a substance included in the First Schedule to these Rules, must either be in red lettering or be set against a red background; and
- (b) in all cases must either be on a separate label or be surrounded by a line within which there must be no other words except words with which the container of the poison is required to be labelled under the Act or these Rules.

*Special cautions in the case of certain articles.*

21. (1) It shall not be lawful to sell or supply any poison—

- (a) in the case of a liquid other than a medicine, contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, unless the bottle is labelled with the words "Not to be taken";

(b) in the case of an embrocation, liniment, lotion, liquid antiseptic or other liquid medicine for external application, unless the container is labelled with the name of the article and the words "For external use only".

(2) It shall not be lawful to sell or supply any compressed hydrocyanic acid unless the container is labelled with the words "Warning. This container holds poisonous gas and should only be opened and used by persons having expert knowledge of the precautions to be taken in its use".

(3) This Rule shall be in addition to the other requirements of the Act and of these Rules with respect to labelling and shall apply to transactions exempted by section ten of the Act, but shall not apply to the sale or supply of poisons to be exported to purchasers outside the United Kingdom or the Isle of Man.

*Name of seller and address of premises.*

22.—(1) The provisions of sub-paragraph (iv) of paragraph (c) of subsection (1) of section nine of the Act (which requires the container of a poison to be labelled with the name of the seller and the address of the premises on which it was sold) shall not apply in the case of an article sold for the purpose of being sold again in the same container.

(2) The requirements of the said paragraph shall be deemed to be satisfied, in the case of a poison supplied from a warehouse or depot, if the container of the poison is labelled with the address of the suppliers principal place of business or, in the case of a limited company, of the registered office of the company.

(3) Where any poison is sold in a container and outer covering, being the container and covering in which it was obtained by the seller, it shall be sufficient if the name of the seller and the address of the premises on which it was sold appear only on the outer covering.

(4) Where the names of more than one person or more than one address appear on any label, there must also be words on the label indicating clearly which person is the seller and at which of the addresses the poison was sold.

*Form of containers.*

23.—(1) It shall not be lawful to sell, whether wholesale or retail, or supply any poison unless—

- (a) it is contained in a container impervious to the poison and sufficiently stout to prevent leakage arising from the ordinary risks of handling and transport; and
- (b) in the case of a liquid contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, not being a medicine made up ready for the internal treatment of human or animal ailments, or a local anaesthetic for injection in the treatment of human or animal ailments, the outer surface of the bottle is fluted vertically with ribs or grooves recognisable by touch.

(2) Sub-paragraph (a) of the foregoing paragraph shall apply to transactions exempted by section ten of the Act, and sub-paragraph (b) shall not apply to the sale or supply of poisons to be exported to purchasers outside the United Kingdom or the Isle of Man, or the sale or supply of poisons to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

#### STORAGE AND TRANSPORT.

##### *Storage of poisons.*

24.—(1) It shall not be lawful to store any poison except in a container impervious to the poison and sufficiently stout to prevent leakage from the container arising from the ordinary risks of handling.

(2) It shall not be lawful to store any substance included in the First Schedule to these Rules in any retail shop or premises used in connection therewith unless the substance is stored—

- (a) in a cupboard or drawer reserved solely for the storage of poisons ;  
or
- (b) in a part of the premises which is partitioned off or otherwise separated from the remainder of the premises and to which customers are not permitted to have access ; or
- (c) on a shelf reserved solely for the storage of poisons and—
  - (i) no food is kept directly under the shelf, and
  - (ii) the container of the substance is distinguishable by touch from the containers of articles and substances other than poisons stored upon the same premises :

Provided that, in the case of any such substance to be used in agriculture or horticulture, it shall not be lawful to store the substance on any shelf, or in any such part of the premises as aforesaid if food is kept in that part, or in any cupboard or drawer unless the cupboard or drawer is reserved solely for the storage of poisons to be used as aforesaid.

##### *Transport of poisons.*

25. It shall not be lawful to consign any poison for transport unless it is sufficiently stoutly packed to avoid leakage arising from the ordinary risks of handling and transport.

##### *Special provisions with respect to the transport of poisons specified in the Eighth Schedule.*

26.—(1) It shall not be lawful to consign for transport by carrier any poison included in the Eighth Schedule to these Rules unless the outside of the package containing the article is labelled conspicuously with the name or description of the poison as set forth in the said Schedule and a notice indicating that it is to be kept separate from food and from empty containers in which food has been contained.

(2) It shall not be lawful for any person knowingly to transport any such poison as aforesaid, either on his own behalf or for another person, in any vehicle in which food is being transported, unless the food is carried in a part of the vehicle effectively separated from that containing the poison, or is otherwise adequately protected from the risk of contamination.

(3) This Rule shall not apply with respect to medicines.

#### SPECIAL PROVISIONS WITH RESPECT TO HOSPITALS.

##### *Supply of medicines to out-patients from certain hospitals, etc.*

27.—(1) The provisions of Part II of the Act and of these Rules, except the provisions of Rule 21, shall not apply with respect to—

- (a) any medicine for the treatment of human ailments dispensed from a hospital, infirmary, health centre or dispensary maintained by any public authority, or out of public funds, or by a charity ;
- (b) any medicine for the treatment of animals supplied from a veterinary hospital which is under the superintendence of a registered veterinary surgeon or registered veterinary practitioner,

if the requirements contained in the following provisions of this Rule are satisfied in relation thereto.

(2) The medicine must not be supplied except by, or on and in accordance with a prescription of, a duly qualified medical practitioner for the purposes of medical treatment, or a registered dentist for the purposes of dental treatment, or a registered veterinary surgeon or registered veterinary practitioner for the purposes of animal treatment.

(3) In a case where a substance included in the First Schedule to these Rules is supplied, a record must be kept on the premises in such a way that there can readily be traced at any time during a period of two years after the date on which the substance was supplied the following particulars:

- (a) the name and quantity of the poison supplied ; and
- (b) the date on which the poison was supplied ; and
- (c) the name and address of the person to whom the poison was supplied ; and
- (d) the name of the person who supplied the poison or who gave the prescription upon which it was supplied :

Provided that this paragraph shall not apply to a medicine supplied on and in accordance with a prescription given by a duly qualified medical practitioner or registered dentist under and in accordance with the National Health Service (Isle of Man) Act, 1948.

(4) The container of the medicine must be labelled—

- (a) with a designation and address sufficient to identify the hospital, infirmary, health centre or dispensary from which it was supplied ;
- (b) except in the case of a medicine made up ready for treatment, with the word "Poison" ;

(c) in the case of a poison supplied from a veterinary hospital, with the words "For animal treatment only", and in the case of a medicine to which Rule 21 of these Rules applies the requirements of that Rule shall be satisfied in addition to the requirements aforesaid.

*Supply of medicines for use in institutions.*

28.—(1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for that purpose, no medicine containing a poison shall be issued from that department for use in the wards, operating theatres or other sections of the institution, except in accordance with the requirements contained in the following provisions of this Rule.

(2) The medicines must not be issued except upon a written order signed by a duly qualified medical practitioner, registered dentist, or by a sister or nurse in charge of a ward, theatre or other section of the institution:

Provided that in a case of emergency a medicine containing a poison may be issued, notwithstanding that no such written order is produced, on an undertaking by the person ordering the medicine to furnish such a written order within the twenty-four hours next following.

(3) The container of the medicine must be labelled—

- (a) with words describing its contents ; and
- (b) in the case of substances included in the First Schedule to these Rules, with a distinguishing mark or other indication indicating that the poison is to be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) In this Rule "institution" means any hospital, infirmary, health centre, dispensary, clinic, nursing home or other institution at which human ailments are treated.

*Storage of poisons in institutions.*

29.—(1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in the charge of a person appointed for that purpose, all poisons other than those issued for use shall be stored in that department.

(2) In any institution to which the foregoing paragraph of this Rule does not apply, all poisons other than those issued for use shall be stored—

- (a) in the charge of a person appointed for the purpose by the governing body or person in control of the institution ;
- (b) otherwise than on an open shelf, unless the container of the poison is distinguishable by touch from containers of substances other than poisons kept on the same premises ; and
- (c) in the case of substances included in the First Schedule to these Rules, either in a cupboard or drawer or on a shelf reserved solely for the storage of poisons.

(3) In every institution every substance included in the First Schedule to these Rules kept in a ward shall be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) All places in which poisons are kept in an institution shall be inspected at intervals of not more than three months by a pharmacist or other person appointed for the purpose by the governing body or person in control of the institution.

(5) In this Rule "institution" has the same meaning as in the last foregoing Rule.

#### MISCELLANEOUS.

##### *Manufacture of pharmaceutical preparations.*

30. In all establishments in which pharmaceutical preparations containing any poison are manufactured for the purpose of the internal treatment of human ailments, the preparation must be manufactured by, or under the supervision of, a registered pharmacist or a person having one of the following qualifications in chemistry:—

- (a) the Fellowship of the Royal Institute of Chemistry,
- (b) the Associateship of the Royal Institute of Chemistry:

Provided that this Rule shall not apply to—

- (i) the manufacture by, or under the supervision of, a duly qualified medical practitioner of preparations containing insulin, the active principles of pituitary, suprarenal or thyroid glands or the salts of the active principles of thyroid gland ;
- (ii) the manufacture of any preparation by, or under the supervision of, a person who, for a period of at least three years before the first day of July, 1948, was continuously engaged in the manufacture of pharmaceutical preparations containing poisons and prepared for the internal treatment of human ailments, and has furnished to the registrar of the Pharmaceutical Society a statement in writing, verified by a statutory declaration, to that effect.

##### *Form of application to the Chief Constable, fees to be paid by listed sellers of Part II poisons and form of Chief Constable's list.*

31.—(1) Every application made to the Chief Constable for the entry of a name on the list kept by him in pursuance of subsection (1) of section twelve of the Act, being a list of persons entitled, subject to the provisions of the Act and of these Rules, to sell poisons included in Part II of the Poisons List, shall be made in the form set out in the Ninth Schedule to these Rules and there shall be attached to the form of application a statement of the poisons included in Part II of the Poisons List, a summary of the requirements of section nine of the Act and of these Rules so far as they relate to the storage, sale and consignment for transport of poisons by or on behalf of persons entitled as aforesaid and a statement of the fees payable under this Rule.

(2) The following fees shall be paid to the Chief Constable by every person whose name is entered in the list kept by him—

- (a) in respect of the entry of his name in the list, a fee of seven shillings and sixpence ;
- (b) in respect of the making of any alteration in the list in relation to the premises on which he is entitled to sell, a fee of one shilling ;
- (c) in respect of the retention of his name on the list in any year subsequent to the year in which his name is first entered therein, a fee of five shillings :

Provided that, in the case of a person whose name is entered in or retained on the list as a person entitled to sell on more than one set of premises, the fees payable shall be increased—

- (i) in the case of the entry of his name, by the sum of seven shillings and sixpence for each additional set of premises on which he is entitled to sell ;
- (ii) in the case of the retention of his name, by the sum of five shillings for each such additional set of premises.

(3) The said list shall be kept in the form set out in the Tenth Schedule to these Rules.

*Certificates of persons to whom poisons may be sold.*

32.—(1) A certificate given for the purposes of paragraph (a) of subsection (2) of section nine of the Act, being a certificate certifying a person to be a person to whom a poison may properly be sold, shall be in the form, and shall contain the particulars set out in the Eleventh Schedule to these Rules.

(2) All householders are hereby authorised to give such certificates as aforesaid :

Provided that a certificate given by a householder who is not known to the seller of the poison to be a responsible person of good character shall not be a sufficient certificate for the purposes of the said paragraph (a) unless it is endorsed in the manner specified in the said Eleventh Schedule by a police officer in charge of a police station.

(3) On any sale of a poison upon such a certificate as aforesaid, the certificate shall be retained by the seller.

*Form of record of sales.*

33. The particulars of sales of poisons which are required by paragraph (b) of subsection (2) of section nine of the Act to be entered in a book shall be entered in the form set out in the Twelfth Schedule to these Rules.

*Preservation of Records.*

34. All books kept for the purposes of Part II of the Act shall be preserved on the premises on which the sales recorded therein were made for a period of two years from the date on which the last entry was made therein.

*Revocation.*

35.—(1) The Poisons Rules, 1953, the Poisons Rules, 1954, the Poisons (No. 2) Rules, 1954, the Poisons Rules, 1955, the Poisons Rules, 1956, the Poisons Rules, 1958, and the Poisons Rules, 1959, are hereby revoked.

- (2) Notwithstanding anything in paragraph (1) of this Rule—
- (a) any certificate issued before the coming into operation of these Rules under Rule 16 of the Poisons Rules, 1953, as amended, and still in force shall continue in force for the same time as if these Rules had not been made and shall be deemed to have been issued under Rule 16 of these Rules ;
- (b) any record required to be kept under paragraph (3) of Rule 27 of the Poisons Rules, 1953, shall be kept in the same manner and for the same period as if these Rules had not been made.

GIVEN under my hand this 25th day of July, 1960.

R. H. GARVEY,  
Lieutenant Governor.

These Rules were approved by Tynwald on 18th October, 1960.

## SCHEDULES.

## FIRST SCHEDULE. Rules 6 and 13.

*Substances included in the Poisons List to which special restrictions apply unless exempted by Rule 10.*

Acetyldihydrocodeine; its salts

Alkaloids, the following ; their salts, simple or complex ; their quaternary compounds :—

Aconite, alkaloids of, except substances containing less than 0.02 per cent. of the alkaloids of aconite

Atropine except substances containing less than 0.15 per cent. of atropine or not more than one per cent. of atropine methonitrate

Belladonna, alkaloids of, except substances containing less than 0.15 per cent. of the alkaloids of belladonna calculated as hyoscyamine

Brucine except substances containing less than 0.2 per cent. of brucine

Calabar bean, alkaloids of

Coca, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of coca

Cocaine except substances containing less than 0.1 per cent. of cocaine

Codeine except substances containing less than 1.5 per cent. of codeine

Colchicum, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of colchicum calculated as colchicine

- Coniine except substances containing less than 0.1 per cent. of coniine
- Cotarnine except substances containing less than 0.2 per cent. of cotarnine
- Curare, alkaloids of ; curare bases
- Ecgonine ; its esters ; except substances containing less than the equivalent of 0.1 per cent. of ecgonine
- Emetine except substances containing less than one per cent. of emetine
- Ergot, alkaloids of
- Gelsemium, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of gelsemium
- Homatropine except substances containing less than 0.15 per cent. of homatropine
- Hyoscine except substances containing less than 0.15 per cent. of hyoscine
- Hyoscyamine except substances containing less than 0.15 per cent. of hyoscyamine
- Jaborandi, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of jaborandi
- Lobelia, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of lobelia
- Morphine except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine
- Nicotine
- Papaverine except substances containing less than one per cent. of papaverine
- Pomegranate, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of pomegranate
- Quebracho, alkaloids of
- Sabadilla, alkaloids of, except substances containing less than one per cent. of the alkaloids of sabadilla
- Solanaceous alkaloids, not otherwise included in this Schedule, except substances containing less than 0.15 per cent. of solanaceous alkaloids calculated as hyoscyamine
- Stavesacre, alkaloids of, except substances containing less than 0.2 per cent. of the alkaloids of stavesacre
- Strychnine except substances containing less than 0.2 per cent. of strychnine
- Thebaine except substances containing less than one per cent. of thebaine
- Veratrum, alkaloids of, except substances containing less than one per cent. of the alkaloids of veratrum
- Yohimba, alkaloids of
- Allylisopropylacetylurea
- Alphameprodine ; its salts
- Alphaprodine ; its salts
- Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids, except substances containing less than ten per cent. of esterified amino-alcohols and except procaine when in a preparation containing any substance to which Part II of the Therapeutic Substances Act, 1957, for the time being applies ; their salts
- Anileridine ; its salts
- Antimonial poisons except substances containing less than the equivalent of one per cent. of antimony trioxide

- Apomorphine ; its salts ; except substances containing less than 0.2 per cent of apomorphine
- Arsenical poisons except substances containing less than the equivalent of 0.01 per cent. of arsenic trioxide and except dentifrices containing less than 0.5 per cent. of acetarsol
- Barbituric acid ; its salts ; derivatives of barbituric acid ; their salts ; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance
- Barium, salts of
- Benzethidine ; its salts
- Benzoylmorphine ; its salts
- Benzylmorphine ; its salts
- Betameprodine ; its salts
- Betaprodine ; its salts
- Busulphan ; its salts
- Cannabis ; the resin of cannabis ; extracts of cannabis ; tinctures of cannabis ; cannabin tannate
- Cantharidin except substances containing less than 0.01 per cent. of cantharidin
- Cantharidates except substances containing less than the equivalent of 0.01 per cent. of cantharidin
- Carbachol
- Chlorambucil ; its salts
- Cyclophosphamide ; its salts
- Desomorphine ; its salts
- Dextromethorphan ; its salts ; except substances containing less than 1.5 per cent. of dextromethorphan
- Dextromoramide ; its salts
- Dextrorphan ; its salts
- Diacetylmorphine ; its salts
- Diacetylnalorphine ; its salts
- Digitalis, glycosides and other active principles of, except substances containing less than one unit of activity (as defined in the British Pharmacopoeia) in two grammes of the substance
- Dihydrocodeine ; its salts
- Dihydrocodeinone ; its salts ; its esters ; their salts
- Dihydromorphine ; its salts ; its esters ; their salts
- Dimenoxadole ; its salts
- Dimepheptanol ; its salts
- 1 : 3-Dimethyl-4-phenyl-4-propionyloxyhexamethyleneimine ; its salts
- Dinitroresols (DNC) ; their compounds with a metal or a base ; except winter washes containing not more than the equivalent of five per cent. of dinitroresols
- Dinitrophenols ; dinitrothymols
- Dinosam ; its compounds with a metal or a base
- Dinoseb ; its compounds with a metal or a base
- Dioxaphetyl butyrate ; its salts
- Dipipanone ; its salts
- Disulfiram
- Dithienylallylamines ; dithienylalkylallylamines ; their salts
- Dyflor
- Endrin
- Ergot ; extracts of ergot ; tinctures of ergot

- Ethylmorphine ; its salts ; except substances containing less than 0.2 per cent. of ethylmorphine
- Etoxidine ; its salts
- Fluoroacetamide ; fluoroacetanilide ; except solutions containing not more than one per cent. of fluoroacetamide or fluoroacetanilide and containing also acetamide and a bitter principle
- Furethidine ; its salts
- Gallamine ; its salts ; its quaternary compounds
- Guanidines, the following:—  
polymethylene diguanidines ; dipara-anisylphenetyl guanidine
- Hydrocyanic acid except substances containing less than 0.15 per cent., weight in weight, of hydrocyanic acid (HCN) ; cyanides except substances containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN) ; double cyanides of mercury and zinc
- Hydromorphone ; its salts ; its esters ; their salts
- Hydroxypethidine ; its salts
- Isomethadone (isoamidone) ; its salts
- Ketobemidone ; its salts
- Laudexium ; its salts
- Lead, compounds of, with acids from fixed oils
- Levomethorphan ; its salts
- Levomoramide ; its salts
- Levorphanol ; its salts
- Mannomustine ; its salts
- Mercaptopurine ; its salts
- Mercuric chloride except substances containing less than one per cent. of mercuric chloride ; mercuric iodide except substances containing less than two per cent. of mercuric iodide ; nitrates of mercury except substances containing less than the equivalent of three per cent., weight in weight, of mercury (Hg) ; potassio-mercuric iodides except substances containing less than the equivalent of one per cent. of mercuric iodide ; organic compounds of mercury except substances, not being aerosols, containing less than the equivalent of 0.2 per cent., weight in weight, of mercury (Hg)
- Methadone (amidone) ; its salts
- Methadyl acetate ; its salts
- Methyl-desorphine ; its salts
- Methyldihydromorphine ; its salts
- 1-Methyl-4-phenylpiperidine-4-carboxylic acid, esters of ; their salts
- Metopon ; its salts
- Monofluoroacetic acid ; its salts
- Morpheridine ; its salts
- Mustine ; its salts
- Myrophine ; its salts
- Nalorphine ; its salts
- Normethadone ; its salts
- m*-nitrophenol ; *o*-nitrophenol ; *p*-nitrophenol
- Norcodeine ; its salts
- Normorphine ; its salts
- Nux Vomica except substances containing less than 0.2 per cent. of strychnine

Opium except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine

Ouabain

Oxycinchonic acid, derivatives of ; their salts ; their esters

Oxycodone ; its salts ; its esters ; their salts

Oxymorphone ; its salts

Phenacemide

Phenadoxone ; its salts

Phenazocine ; its salts

Phenomorphin ; its salts

Phenylcinchoninic acid ; salicylcinchonic acid ; their salts ; their esters

Pholcodine ; its salts ; except substances containing less than 1.5 per cent. of pholcodine

Phosphorus compounds, the following:—

Amiton

Demeton-O

Demeton-S

Demeton-O-methyl

Demeton-S-methyl

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate

Dimefox

Ethyl *p*-nitrophenyl phenylphosphonothionate

Mazidox

2-Methoxycarbonyl-1-methylvinyl dimethyl phosphate

Mipafox

Parathion

Schradan

Sulfotep

TEPP (HETP)

Triphosphoric pentadimethylamide

Picrotoxin

Polymethylenebis(trimethylammonium) salts

Propoxyphene ; its salts

Racemethorphan ; its salts

Racemoramide ; its salts

Racemorphan ; its salts

Savin, oil of

Strophanthus, glycosides of

Thallium, salts of

Thebacon ; its salts ; its esters ; their salts

Tretamine ; its salts

Trimeperidine ; its salts

Trimustine ; its salts

Zinc phosphide

## SECOND SCHEDULE.

Rule 5 (2)

*Poisons exempted from labelling provisions when sold or supplied in certain circumstances.*

Alkali fluorides

Ammonia

Antimony, chlorides of ; oxides of antimony ; sulphides of antimony ; antimonates ; antimonites

Chloroform  
 Dinitroresols (DNC)  
 Dinitronaphthols ; dinitrophenols  
 Formaldehyde  
 Formic acid  
 Glyceryl trinitrate  
 Hydrochloric acid  
 Hydrofluoric acid ; sodium silicofluoride  
 Lead acetates ; compounds of lead with acids from fixed oils  
 Mercuric chloride ; mercuric iodide ; organic compounds of mercury  
 Mercury, oxides of ; nitrates of mercury  
 Nitric acid  
 Nitrobenzene  
*m*-Nitrophenol ; *o*-nitrophenol ; *p*-nitrophenol  
 Oxalic acid ; metallic oxalates  
 Phenols ; compounds of phenol with a metal  
 Phosphorus, yellow  
 Picric acid  
 Potassium hydroxide  
 Sodium hydroxide  
 Sulphuric acid

Rule 11

THIRD SCHEDULE.

*Articles exempted from the provisions of the Act and of these Rules.*

GROUP I.

GENERAL EXEMPTIONS.

Adhesives ; anti-fouling compositions ; builders' materials ; ceramics ; distempers ; electrical valves ; enamels ; explosives ; fillers ; fireworks ; fluorescent lamps ; glazes ; glue ; inks ; lacquer solvents ; loading materials ; matches ; motor fuels and lubricants ; paints other than pharmaceutical paints ; photographic paper ; pigments ; plastics ; propellants ; rubber ; varnishes.

GROUP II.

SPECIAL EXEMPTIONS.

<i>Poison</i>	<i>Substance or article in which exempted</i>
Acetanilide ; alkyl acetanilides	Substances not being preparations for the treatment of human ailments
Alkaloids, the following:—	
Brucine	Surgical spirit containing not more than 0.015 per cent. of brucine
Emetine	Ipecacuanha ; extracts and tinctures of ipecacuanha ; substances containing less than 0.05 per cent. of emetine

<i>Poison</i>	<i>Substance or article in which exempted</i>
Ephedra, alkaloids of	Substances containing less than one per cent. of the alkaloids of ephedra
Jaborandi, alkaloids of	Substances containing less than 0.025 per cent. of the alkaloids of jaborandi
Lobelia, alkaloids of	Preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants ; substances containing less than 0.1 per cent. of the alkaloids of lobelia
Nicotine	Tobacco
Pomegranate, alkaloids of	Pomegranate bark
Solanaceous alkaloids	Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants
Stavesacre, alkaloids of	Soaps ; ointments ; lotions for external use
<i>p</i> -Aminobenzenesulphonamide ; its salts ; derivatives of <i>p</i> -aminobenzenesulphonamide having any of the hydrogen atoms of the <i>p</i> -amino group or of the sulphonamide group substituted by another radical ; their salts	Feeding stuffs containing not more than 0.5 per cent. of total sulphonamides
<i>B</i> -Aminopropylbenzene ; its salts ; its <i>N</i> -alkyl derivatives ; their salts ; <i>B</i> -aminoisopropylbenzene ; its salts ; its <i>N</i> -alkyl derivatives ; their salts	Appliances for inhalation in which the poison is absorbed in inert solid material
Ammonia	Substances not being solutions of ammonia or preparations containing solutions of ammonia ; substances containing less than five per cent., weight in weight, of ammonia (NH <sub>3</sub> ) ; refrigerators ; smelling bottles
Androgenic and oestrogenic substances, the following:—	Preparations intended for external application only ; feeding stuffs
Benzoestrol	
Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity ; their esters	
Steroid compounds with androgenic or oestrogenic activity ; their esters	

<i>Poison</i>	<i>Substance or article in which exempted</i>
Anti-histamine substances, the following; their salts; their molecular compounds:—	
Antazoline	Preparations intended for external application only and preparations containing not more than one per cent. of anti-histamine substances for application in the nose or eye
Bromodiphenhydramine	
Bucizine	
Chlorcyclizine	
( <i>p</i> - Chlorophenylpyrid - 2 - ylmethyl) 2 - dimethylaminoethyl ether	
1 - (4 - <i>p</i> -Chlorophenyl-3-phenylbut-2-enyl)-pyrrolidine	
Chlorpheniramine	
Clemizole	
Cyclizine	
3-Di- <i>n</i> -butylaminomethyl-4:5:6-trihydroxyphthalide	
1 - Dimethylamino - 3 - phenyl - 3-(2-pyridyl)-propane	
Diphenhydramine	
Diphenylpyraline	
Doxylamine	
Isothipendyl	
Mebhydrolin	
Meclozine	
Phenindamine	
Promethazine	
Thenalidine	
Triprolidine	
Substances being tetra-substituted N derivatives of ethylene-diamine or propylenediamine	
Antimony, chlorides of	Polishes
Arsenical poisons	Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities
Barium, salts of	Witherite other than finely ground witherite; barium carbonate bonded to charcoal for case hardening
Chloroform	Substances containing less than ten per cent. of chloroform
Creosote obtained from wood	Substances containing less than fifty per cent. of creosote obtained from wood
Diamines, the following;- their salts:— phenylene diamines; tolylene diamines; other alkylated-benzene diamines	Substances other than preparations for the dyeing of hair

<i>Poison</i>	<i>Substance or article in which exempted</i>
Dinitrocresols (DNC) ; their compounds with a metal or a base	Substances being neither preparations for the treatment of human ailments nor preparations for use in agriculture or horticulture
Dinitrophenols	Substances not being preparations for the treatment of human ailments
Dinosam ; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Dinoseb ; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Disulfiram	Substances not being preparations for the treatment of human ailments
Formaldehyde	Substances containing less than five per cent., weight in weight, of formaldehyde (H.CHO); photographic glazing or hardening solutions
Formic acid	Substances containing less than five per cent., weight in weight, of formic acid (H.COOH)
Fluoroacetamide ; fluoroacetanilide	Substances being neither preparations for use in agriculture or horticulture nor preparations for the destruction of rats or mice
Hydrochloric acid	Substances containing less than nine per cent., weight in weight, of hydrochloric acid (HCl)
Lead acetate	Substances containing less than four per cent. of lead acetate
Lead, compounds of	Machine-spread plasters
Mercuric chloride	Batteries
Mercuric chloride ; mercuric iodide ; organic compounds of mercury	Dressings on seeds or bulbs
Mercury, nitrates of	Ointments containing less than the equivalent of three per cent., weight in weight, of mercury (Hg)
Nitric acid	Substances containing less than nine per cent., weight in weight, of nitric acid (HNO <sub>3</sub> )
Nitrobenzene	Substances containing less than 0.1 per cent. of nitrobenzene ; soaps containing less than one per cent. of nitrobenzene ; polishes

<i>Poison</i>	<i>Substance or article in which exempted</i>
<i>p</i> -Nitrobenzyl cyanide	Photographic solutions containing less than the equivalent of 0.1 per cent. weight in weight of hydrocyanic acid (HCN)
<i>p</i> -Nitrophenol	Preparations for use in agriculture or horticulture containing not more than 0.5 per cent. of <i>p</i> -nitrophenol as preservative
Axalic acid ; metallic oxalates	Laundry blue ; polishes
Oxycinchoninic acid, derivatives of ; their salts ; their esters	Preparations for external application only, containing not more than the equivalent of three per cent. of oxycinchoninic acid
Phenols	Carvacrol ; creosote obtained from coal tar ; essential oils in which phenols occur naturally ; medicines containing less than one per cent. of phenols ; nasal sprays, mouth washes, pastilles, lozenges, capsules, pessaries, ointments or suppositories containing less than 2.5 per cent. of phenols ; smelling bottles ; soaps for washing ; solid substances, other than pastilles, lozenges, capsules, pessaries, ointments, and suppositories, containing less than sixty per cent. of phenols ; tar (coal or wood), crude or refined ; <i>p</i> -tertiary amyl phenol tertiary butyl-cresol ; <i>p</i> -tertiary butyl phenol <i>p</i> -(1, 1, 3, 3-tetramethyl butyl) phenol thymol
Phenyl mercuric salts	Toilet, cosmetic and therapeutic preparations containing not more than 0.01 per cent. of phenyl mercuric salts as a preservative ; antiseptic dressings on tooth-brushes
Phosphorus compounds, the following:— Amiton Demeton-O Demeton-S	Substances other than preparations for use in agriculture or horticulture

<i>Poison</i>	<i>Substance or article in which exempted</i>
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl <i>p</i> -nitrophenyl phosphate	
Dimefox	
Ethyl <i>p</i> -nitrophenyl phenylphos- phonothionate	
Mazidox	
2-Methoxycarbonyl-1-methylvinyl dimethyl phosphate	
Mipafox	
Parathion	
Schradan	
Sulfotep	
TEPP (HETP)	
Triphosphoric pentadimethyla- mide	
Picric acid	Substances containing less than five per cent. of picric acid
Potassium hydroxide	Substances containing less than twelve per cent. of potassium hydroxide; accumulators; bat- teries
Procaine	Feeding stuffs containing any sub- stance to which Part II of the Therapeutic Substances Act, 1956, for the time being applies
Sodium ethyl mercurithiosalicylate	Therapeutic substances containing less than 0.1 per cent. of sodium ethyl mercurithiosalicylate as a preservative
Sodium fluoride	Substances containing less than three per cent. of sodium fluoride as a preservative
Sodium hydroxide	Substances containing less than twelve per cent. of sodium hyd- roxide
Sodium nitrite	Preparations containing not more than 0.1 per cent. of sodium nitrite for the destruction of rats or mice
Sodium silicofluoride	Substances containing less than three per cent. of sodium silico- fluoride as a preservative
Sulphuric acid	Substances containing less than nine per cent., weight in weight, of sulphuric acid (H <sub>2</sub> SO <sub>4</sub> ); accumu- lators; batteries; fire extin- guishers

Rules 5 (3) and (12)      **FOURTH SCHEDULE.**

*Substances required to be sold by retail only upon a prescription given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner.*

**PART A.**

Allylisopropylacetylurea  
 Barbituric acid ; its salts ; derivatives of barbituric acid ; their salts ; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance  
 Busulphan ; its salts  
 Chlorambucil ; its salts  
 Cyclophosphamide ; its salts  
 Dinitrocresols (DNC) ; their compounds with a metal or a base, except preparations for use in agriculture or horticulture  
 Dinitronaphthols ; dinitrophenols ; dinitrothymols  
 Disulfiram  
 Dithienylallylamines ; dithienylalkylallylamines ; their salts ; except diethylthiambutene, dimethylthiambutene and ethylmethylthiambutene  
 Gallamine ; its salts ; its quaternary compounds  
 Mannomustine ; its salts  
 Mercaptopurine ; its salts  
 Mustine ; its salts  
 Phenacemide  
 Phenylbutazone ; its salts  
 Phenylcinchoninic acid ; salicylcinchoninic acid ; their salts ; their esters  
 Polymethylenebistrimethylammonium salts  
 Tretamine ; its salts  
 Trimustine : its salts

**PART B.**

Acetanilide ; alkyl acetanilides  
 Acetylcarbromal  
 Amidopyrine ; its salts ; amidopyrine sulphonates ; their salts  
*p*-Aminobenzenesulphonamide ; its salts ; derivatives of *p*-aminobenzenesulphonamide having any of the hydrogen atoms of the *p*-amino group or of the sulphonamide group substituted by another radical ; their salts ; except when contained in ointments or surgical dressings or in preparations for the prevention and treatment of diseases in poultry  
*B*-Aminopropylbenzene ; its salts ; its *N*-alkyl derivatives ; their salts ;  
*B*-aminoisopropylbenzene ; its salts ; its *N*-alkyl derivatives ; their salts  
 Androgenic and oestrogenic substances, the following :—  
     Benzoestrol  
     Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity ; their esters  
     Steroid compounds with androgenic or oestrogenic activity ; their esters  
 Azacyclonol ; its salts  
 Benactyzine ; its salts  
 Benztropine ; its salts  
 3-Benzylhydrazinocarbonyl-5-methylisooxazole ; its salts  
 Bromvaletone  
 Captodiame ; its salts

Carbromal  
 2-*p*-Chlorophenyl-3-methylbutane-2:3 diol  
 Chlorpropamide ; its salts  
 4-Hydroxymethyl-2:2-diisopropyl-1:3-dioxolan  
 Hydroxyzine ; its salts  
 Imipramine ; its salts  
 Mephenesin ; its esters  
 Meprobamate  
 Metformin ; its salts  
 Methocarbamol  
 Methylpentynol ; its esters and other derivatives  
 $\alpha$ -Methyl-phenethylhydrazine ; its salts  
 Methyl phenidate ; its salts  
 Paramethadione  
 Phenelzine ; its salts  
 Phenetidylphenacetin  
 Phenformin ; its salts  
 Phenmetrazine ; its salts  
 Phenothiazine, derivatives of ; their salts ; except promethazine, its salts  
 and molecular compounds  
 Phenylbutazone ; its salts  
 Phenylethylhydantoin ; its salts ; its acyl derivatives ; their salts  
 Pipradrol ; its salts  
 Rauwolfia, alkaloids of ; their salts  
 Sulphonal ; alkyl sulphonals  
 Thalidomide ; its salts  
 Thyroid gland, the active principles of ; their salts  
 Tolbutamide  
 Tribromomethyl alcohol  
 Troxidone  
 Zoxazolamine ; its salts

## FIFTH SCHEDULE.

Rule 14 (2)

## PART A.

*Form to which the substances specified are restricted when sold by listed sellers of Part II poisons.*

<i>Poison</i>	<i>Form to which sale is restricted</i>
Arsenical substances—	
Arsenious oxide	Sheep dips, sheep washes
Arsenic sulphides	Sheep dips, sheep washes
Calcium arsenates	Preparations for use in agriculture or horticulture
Calcium arsenites	Agricultural and horticultural in- secticides or fungicides
Copper acetoarsenite	Agricultural and horticultural in- secticides or fungicides
Copper arsenates	Agricultural and horticultural in- secticides or fungicides
Copper arsenites	Agricultural and horticultural in- secticides or fungicides

<i>Poison</i>	<i>Form to which sale is restricted</i>
Lead arsenates	Agricultural and horticultural insecticides or fungicides
Potassium arsenites	Sheep dips, sheep washes and potato haulm destroyers
Sodium arsenates	Sheep dips, sheep washes
Sodium arsenites	Sheep dips, sheep washes and potato haulm destroyers
Sodium thioarsenates	Sheep dips, sheep washes
Barium carbonate	Preparations for the destruction of rats or mice
Dinitrocresols (DNC) ; their compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinosam ; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinoseb ; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Endrin	Preparations for use in agriculture or horticulture
Fluoroacetamide ; fluoroacetanilide	Preparations for use in agriculture or horticulture ; preparations for the destruction of rats or mice
Mercurial substances—	
Mercuric chloride	Agricultural and horticultural fungicides, seed and bulb dressings, insecticides
Mercuric iodide	Agricultural and horticultural fungicides, seed and bulb dressings
Organic compounds of mercury	Agricultural and horticultural fungicides, seed and bulb dressings
Metallic oxalates other than potassium quadroxalate	Photographic solutions or materials
Nitrobenzene	Agricultural and horticultural insecticides ; substances for the treatment of bee disease ; ointments for the treatment of animals
Phosphorus compounds, the following:—	
Amiton	Preparations for use in agriculture or horticulture
Demeton-O	
Demeton-S	
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl <i>p</i> -nitrophenyl phosphate	
Dimefox	
Ethyl <i>p</i> -nitrophenyl phenylphosphonothionate	
Mazidox	
2 - Methoxycarbonyl - 1 - methylvinyl dimethyl phosphate	
Mipafox	
Parathion	

<i>Poison</i>	<i>Form to which sale is restricted</i>
Schradan	
Sulfotep	
TEPP (HETP)	
Triphosphoric pentadimethylamide	
Zinc phosphide	Preparations for the destruction of rats or mice

## PART B.

*Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business.*

Arsenical poisons other than lead arsenates, calcium arsenates and copper acetoarsenite  
 Dinitrocresols (DNC); their compounds with a metal or a base ; except winter washes containing not more than the equivalent of five per cent. of dinitrocresols  
 Dinosam ; its compounds with a metal or a base  
 Dinoseb ; its compounds with a metal or a base  
 Mercuric chlorides ; mercuric iodides ; organic compounds of mercury  
 Phosphorus compounds, the following:—  
 Amiton  
 Demeton-O  
 Demeton-S  
 Diethyl 4-methyl-7-coumarinyl phosphorothionate  
 Diethyl *p*-nitrophenyl phosphate  
 Dimetox  
 Ethyl *p*-nitrophenyl phenylphosphonothionate  
 Mazidox  
 2-Methoxycarbonyl-1-methylvinyl dimethyl phosphate  
 Mipafox, except in the form of a cap on a stick or wire  
 Parathion  
 Schradan  
 Sulfotep  
 Triphosphoric pentadimethylamide

## SIXTH SCHEDULE

Rules 18 (3)  
and 19 (2)

*Statement of particulars permitted in certain cases as to proportion of poison.*

<i>Name of Poison</i>	<i>Particulars</i>
Alkaloids	The proportion of any one alkaloid
Aconite, alkaloids of	of aconite that the preparation would be calculated to contain on the assumption that all the alkaloids of aconite in the preparation were that alkaloid

<i>Name of Poison</i>	<i>Particulars</i>
Belladonna, alkaloids of Calabar bean, alkaloids of Coca, alkaloids of Colchicum, alkaloids of Ephedra, alkaloids of Ergot, alkaloids of Gelsemium, alkaloids of Jaborandi, alkaloids of Lobelia, alkaloids of Pomegranate, alkaloids of Quebracho, alkaloids of, other than the alkaloids of red quebracho Sabadilla, alkaloids of Solanaceous alkaloids not other- wise included in the Poisons List Stavesacre, alkaloids of Veratrum, alkaloids of Yohimba, alkaloids of	The same as above, with the sub- stitution for the reference to bella- donna, calabar bean or such other of the said poisons as the case may require
Antimonial poisons	The proportion of antimony tri- oxide ( $Sb_2O_3$ ) or antimony pent- oxide ( $Sb_2O_5$ ) that the prepara- tion would be calculated to con- tain on the assumption that the antimony (Sb) in the poison had been wholly converted into anti- mony trioxide or antimony pent- oxide as the case may be
Arsenical poisons	The proportion of arsenic tri- oxide ( $As_2O_3$ ) or arsenic pent- oxide ( $As_2O_5$ ) that the prepara- tion would be calculated to con- tain on the assumption that the arsenic (As) in the poison had been wholly converted into arsenic trioxide or arsenic pent- oxide as the case may be
Barium, salts of	The proportion of one particular barium salt which the prepara- tion would be calculated to con- tain on the assumption that the barium (Ba) in the poison had been wholly converted into that salt
Digitalis, glycosides of; other active principles of digitalis	The number of units of activity as defined in the British Pharma- copoeia contained in a specified quantity of the preparation
Hydrocyanic acid; cyanides; double cyanides of mercury and zinc	The proportion of hydrocyanic acid (HCN) that the preparation

<i>Name of Poison</i>	<i>Particulars</i>
Insulin	would be calculated to contain on the assumption that the cyanides in the poison had been wholly converted into hydrocyanic acid The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation
Lead, compounds of, with acids from fixed oils	The proportion of lead oxide (PbO) that the preparation would be calculated to contain on the assumption that the lead in the poison had been wholly converted into lead oxide
Mercury, organic compounds of	The proportion of organically combined mercury (Hg) contained in the preparation
Nux Vomica	The proportion of strychnine contained in the preparation
Opium	The proportion of morphine contained in the preparation
Phenols	The proportion of phenols (added together) contained in the preparation.
Compounds of a phenol with a metal	The proportion of phenols (added together) that the preparation would be calculated to contain on the assumption that the compounds of phenols with a metal had been wholly converted into the corresponding phenols
Pituitary gland, the active principles of	Either— (a) the number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation; or (b) the proportion of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, contained in the preparation; or (c) the amount of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance

<i>Name of Poison</i>	<i>Particulars</i>
Potassium hydroxide	The proportion of potassium monoxide ( $K_2O$ ) which the preparation would be calculated to contain on the assumption that the potassium hydroxide in the preparation had been wholly converted into potassium monoxide
Sodium hydroxide	The proportion of sodium monoxide ( $Na_2O$ ) which the preparation would be calculated to contain on the assumption that the sodium hydroxide in the preparation had been wholly converted into sodium monoxide
Strophanthus, glycosides of	The amount of Standard Tincture of Strophanthus as defined in the British Pharmacopoeia which possesses the same activity as a specified quantity of the preparation when assayed by the method described in the said Pharmacopoeia
Suprarenal gland, the active principles of ; their salts	<p>Either—</p> <p>(a) the proportion of suprarenal gland or of the cortex or of the medulla of the gland, as the case may be, contained in the preparation ; or</p> <p>(b) the amount of suprarenal gland or of the cortex or of the medulla of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or dried gland substance</p>
Thyroid gland, the active principles of ; their salts	<p>Either—</p> <p>(a) the proportion of thyroid gland contained in the preparation ; or</p> <p>(b) the amount of thyroid gland from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland</p>

*Indication of character of article prescribed for the purposes of section 9 (1) (c) (iii) of the Act.*

1. To be labelled with the words "*Caution. It is dangerous to take this preparation except under medical supervision.*":—

Medicines (other than medicines mentioned in paragraph 9 of this Schedule) made up ready for the internal treatment of human ailments if the poison is one of the following:—

Anti-histamine substances, the following ; their salts ; their molecular compounds:—

Antazoline  
 Bromodiphenhydramine  
 Buclizine  
 Chlorcyclizine  
 (*p*-Chlorophenylpyrid-2-ylmethyl) 2-dimethylaminoethyl ether  
 1-(4-*p*-Chlorophenyl-3-phenyl-but-2-enyl)-pyrrolidine  
 Chlorpheniramine  
 Clemizole  
 Cyclizine  
 3-Di-*n*-butylaminomethyl-4: 5: 6-trihydroxyphthalide  
 1-Dimethylamino-3-phenyl-3-(2-pyridyl)-propane  
 Diphenhydramine  
 Diphenylpyraline  
 Doxylamine  
 Isothipendyl  
 Mebhydrolin  
 Meclozine  
 Phenindamine  
 Promethazine  
 Thenalidine  
 Triprolidine  
 Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine

Insulin

Pituitary gland, the active principles of

2. To be labelled with the words "*Caution. It is dangerous to exceed the stated dose.*":—

Medicines (other than medicines mentioned in paragraph 1 of this Schedule) made up ready for the internal treatment of human ailments except in the case of a substance included in the First Schedule.

3. To be labelled with the words "*Poison. For Animal treatment only.*":—

Medicines made up ready for the treatment of animals.

4. To be labelled with the words "*Caution. This preparation may cause serious inflammation of the skin in certain persons and should be used only in accordance with expert advice.*":—

Preparations for the dyeing of hair containing phenylene diamines, tolylene diamines or other alkylated-benzene diamines or their salts.

5. To be labelled with the words "*Caution. This substance is caustic*":—

Potassium hydroxide, sodium hydroxide, and articles containing either of those substances.

6. To be labelled with the words "*Caution. This substance is poisonous. The inhalation of its vapour, mist, spray or dust may have harmful consequences. It may also be dangerous to let it come into contact with the skin or clothing*":—

Dinitrocresols (DNC); their compounds with a metal or a base; except preparations for the treatment of human ailments and except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam, its compounds with a metal or a base

Dinoseb, its compounds with a metal or a base

Endrin

Fluoroacetamide; fluoroacetanilide

Organic compounds of mercury in aerosols

Phosphorous compounds, the following:—

Amiton

Demeton-O

Demeton-S

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate

Dimefox

Ethyl *p*-nitrophenyl phenylphosphonothionate

Mazidox

2-Methoxycarbonyl-1-methylvinyl dimethyl phosphate

Mipafox

Parathion

Sulfotep

Schradan

TEPP (HETP)

Triphosphoric pentadimethylamide

7. To be labelled with the words "*Caution. This preparation should be administered only under medical supervision. The vapour is dangerous*":—

Medicines made up ready for the internal or external treatment of human ailments and containing dyflos.

8. To be labelled with the words "*Caution. This substance is poisonous. Inhalation of the powder is dangerous. It is also dangerous to let the substance come into contact with the skin or clothing*":—

Monofluoroacetic acid; its salts.

9. To be labelled with the words "*Caution. This may cause drowsiness*":—

Medicines intended solely, and made up ready, for the prevention of motion sickness if the poison is one of the following:—

Anti-histamine substances listed in paragraph 1 of this Schedule; their salts; their molecular compounds.

## EIGHTH SCHEDULE.

Rule 26

*Poisons required to be specially labelled for transport.*

Arsenical poisons

Barium, salts of

Dinitrocresols (DNC), their compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture, except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture

Dinoseb, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture

Endrin

Fluoroacetamide ; fluoroacetanilide

Hydrocyanic acid ; cyanides

Monofluoroacetic acid ; its salts

Nicotine, except in solid preparations containing less than four per cent. of nicotine

Phosphorous compounds, the following:—

Amiton

Demeton-O

Demeton-S

Demeton-O-methyl

Demeton-S-methyl

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate

Dimefox

Ethyl *p*-nitrophenyl phenylphosphonothionate

Mazidox

2-Methoxycarbonyl-1-methylvinyl dimethyl phosphate

Mipafox

Parathion

Schradan

Sulfotep

TEPP (HETP)

Triphosphoric pentadimethylamide

Strychnine

Thallium, salts of

Rule 31 (1) NINTH SCHEDULE.

*Form of application for entry in the list kept by the Chief Constable under section 12 of the Act.*

PHARMACY AND POISONS ACT, 1947.

*Form of application by a person to have his name entered in the Chief Constable's list of persons entitled to sell poisons included in Part II of the Poisons List.*

To the Chief Constable of the Isle of Man.

I, .....

being engaged in the business of .....  
 hereby apply to have my name entered in the list kept in pursuance of  
 section 12 of the above Act in respect of the following premises, namely,

.....  
 .....

as a person entitled to sell from those premises poisons included in Part II  
 of the Poisons List.

I hereby nominate .....

to act as my deputy (deputies) for the sale of poisons in accordance with  
 Rule 14 (1) of the Poisons Rules, 1960.

Signature of applicant .....

Date .....

*This space is for the use of the Chief Constable.*

.....  
 .....

Rule 31 (3) TENTH SCHEDULE.

*Form of the list to be kept by the Chief Constable in pursuance of section 12 (1) of the Act.*

PHARMACY AND POISONS ACT, 1947.

*List of persons entitled to sell poisons in Part II of the Poisons List.*

Full Name	Address of premises	Description of business carried on at the premises	Name of deputy (or deputies) permitted to sell

ELEVENTH SCHEDULE.

Rule 32 (r)

*Certificate for the purchase of a poison.*

For the purposes of subsection (2) (a) (i) of section 9 of the Pharmacy and Poisons Act, 1947, I the undersigned, a householder occupying (a) ..... hereby certify from my knowledge of (b) ..... of (a) ..... that he is a person to whom (c) ..... may properly be supplied.

I further certify that (d) ..... is the signature of the said (b) .....

.....  
Signature of householder giving certificate.

Date .....

- (a) Insert full postal address.
- (b) Insert full name of intending purchaser.
- (c) Insert name of poison.
- (d) Intending purchaser to sign his name here.

*Endorsement required by Rule 32 of the Poisons Rules, 1960, to be made by a police officer in charge of a police station when, but only when, the householder giving the certificate is not known to the seller of the poison to be a responsible person of good character.*

I hereby certify that in so far as is known to the police of the district in which \*..... resides he is a responsible person of good character.

Signature of Police Officer .....  
Rank .....  
In charge of Police Station at .....  
Date .....

Office Stamp of  
Police Station.

\*Insert full name of householder giving the certificate.

THIRTEENTH SCHEDULE.

Rule 16

*Forms of certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide.*

*Certificate authorising the purchase of monofluoroacetic acid or a salt thereof as a rodenticide for use by employees of a local authority or a Board of Tynwald.*

For the purposes of Rule 16 of the Poisons Rules, 1960, I hereby certify that (a) ..... of (b) ..... is required for use by employees of (c) ..... as a rodenticide in (d) ..... situated at (e) .....

.....  
Signature of Medical Officer of Health.

Date ..... (c) .....

- (a) Insert quantity required.
- (b) Insert "monofluoroacetic acid" or the salt thereof required as the case may require.
- (c) Insert the name of the authority in question.
- (d) State "ships", "aircraft", "hangars", "sewers", "industrial premises" or "warehouse(s)" as the case may require.
- (e) State the situation of the ships, aircraft, hangars or sewers or give the address(es) of the premises or warehouse(s) as the case may require.

FOURTEENTH SCHEDULE.

Rule 6

*Substances in which poison is exempted by Rule 6 from section 9 (2) of the Act.*

<i>Poison</i>	<i>Substances in which exempted</i>
Nicotine ... ..	Agricultural and horticultural insecticides consisting of nicotine dusts containing not more than four per cent. of nicotine.

FIFTEENTH SCHEDULE.

Rule 15

*Poisons required to be coloured in certain cases.*

- Arsenical poisons
- Fluoroacetamide ; fluoroacetanilide
- 2-Methoxycarbonal-1-methylvinyl dimethyl phosphate
- Monofluoroacetic acid ; its salts

## EXPLANATORY NOTE.

*(This Note is not part of the Rules, but is intended to indicate their general purport.)*

These Rules consolidate with amendments the Rules specified in Rule 35 (1). The principal amendments are as follows. By reason of amendments to Rules 5 and 12 the requirements of Rule 12 (3) as to the form of prescription and of Rule 5 as to labelling are relaxed as respects certain poisons previously included in the Fourth Schedule (which sets out the poisons which may be sold by retail only upon prescription) and these poisons are now set out in a separate part of the Schedule, Part B, which includes also other poisons among which are certain poisons added to the Poisons List by the Poisons List Order, 1960. The requirements of section 10 (3) of the Pharmacy and Poisons Act, 1947 (which requires particulars of medicines supplied or dispensed under that section to be entered in a book) are relaxed by Rule 8 in the case of certain prescriptions given by a registered dentist. The provision of Rule 7 (3) (c) of the Poisons Rules, 1953, requiring that an article to which Rule 7 (3) applies which is sent by post should be sent by registered post, is omitted. Rule 16 is amended so that a certificate authorising the purchase of monofluoroacetic acid or its salts is required to state the quantity authorised to be purchased and so that the seller is required to retain the certificate. Rule 22 (3) (which provides that where a poison other than a poison included in the First Schedule is sold in the container and outer covering in which it was obtained by the seller the name and address of the seller need appear only on the outer covering) is now extended to all poisons. There is added to the Seventh Schedule a new paragraph, paragraph 9, requiring the labelling of certain medicines for the prevention of motion sickness. Certain insertions have been made in the First and Fourth Schedules in order to impose appropriate restrictions in respect of the poisons added to the Poisons List by the Poisons List Order, 1960. Certain other changes have been made in the lists of substances in respect of which restrictions or requirements are imposed by virtue of the various Schedules, and account has been taken of changes of nomenclature and classification.
