(2) After regulation 7 of the said regulations there shall be added the following new regulations —

“FRACTIONAL AMOUNTS OF REQUIREMENTS AND RESOURCES

7.—(1) Where capital resources taken into consideration on a claim for benefit are of such an amount as to require their equivalent weekly income under paragraph 22 of Schedule 1 to the Act (calculation of income from resources) to be calculated under sub-paragraph (b) (as well as sub-paragraph (a)) of that paragraph, if the total of the equivalent weekly income so calculated is not a multiple of whole new pence it shall be rounded down to the next smaller amount in whole new pence.

(2) Any other constituent part of a person's requirements or resources taken into consideration under the said Schedule 1 shall, if it is not a multiple of whole new pence, be rounded, in the case of requirements to the next larger amount in whole new pence, and in the case of resources to the next smaller amount in whole new pence.

TRANSITIONAL CASES AFFECTED BY DECIMALISATION OF CURRENCY

8.—Where paragraph 2 of Schedule 5 to the Act (persons formerly in receipt of pensions under the Old Age Pensions Act 1939 or assistance grants under the National Assistance (Isle of Man) Act 1951) affects entitlement to or the amount of a person's benefit and the amount of the pension or grant referred to in sub-paragraph (1) of that paragraph to which he was entitled, if converted into the new currency would include a fraction of a new penny, then for the purpose of applying sub-paragraph (3) or (4) of the said paragraph 2 a rate of supplementary pension or allowance of the next larger amount in whole new pence shall be treated as equal to the rate of the said pension or grant."

AMENDMENT TO CLAIM AND PAYMENTS REGULATIONS

4.—(1) In regulation 12(1) of the Supplementary Benefit (Isle of Man) (Claims and Payments) Regulations 1970 (payments for the purposes of paragraph 2(3) of Schedule 1 to the 1970 Act) the words "for the purpose of disregarding negligible amounts and fractions of a shilling" shall be omitted.

(2) After regulation 13 of the said Regulations there shall be added the following new regulation —

"FRACTIONAL AMOUNTS OF BENEFIT

14.— Where an amount of benefit is payable to a person and, notwithstanding the operation of any other provision of the Act or regulations, that amount is not a multiple of whole new pence, there shall be paid to him the nearest amount in whole new pence, a new halfpenny being rounded to the next new penny above."

DECIMALISATION OF BENEFIT DETERMINATION MADE BEFORE THE APPOINTED DAY

5.—(1) This regulation applies to every benefit determination made before the appointed day, including any such determination revised on review before the appointed day, which relates to or includes a period within, and for which benefit is made payable in, the conversion period.

(2) A benefit determination to which this regulation applies shall have effect in the new currency as regards benefit payable in the conversion period, the amount, subject to the following provisions of this regulation, being the equivalent of the amount that would have been payable but for decimalisation of the currency.

(3) Where paragraph 2(2) of Schedule I to the 1970 Act (rounding of fractional amounts) has effect as modified by paragraph 2(3) of that Schedule and regulations made thereunder (rounding of the total amount of benefit and payments specified in the regulations) in relation to the aggregate of the amount of benefit under the 1970 Act and the amount of

the payments specified in those regulations, the amount to be converted into the new currency under this regulation shall, subject to paragraph (5) thereof, be that aggregate amount.

(4) Where the appropriate amount in the new currency under this regulation would not be a multiple of whole new pence, that amount shall be rounded up to the next larger amount in whole new pence.

(5) Where under section 16(2) of the 1970 Act (issue of benefit to a person other than the claimant) a benefit determination to which this regulation applies requires part of the benefit to be issued to a person other than the claimant, paragraphs (2), (3) and (4) of this regulation, so far as relevant, shall have effect as if each such paragraph were applicable in the conversion period independently, first to the amount issued to the person other than the claimant, and secondly as to the balance issued to the claimant, notwithstanding any excess of the sum of those amounts over the total amount that would have been applicable but for the operation of this paragraph.

(6) In any other case in which part of the benefit is issued to a person other than the claimant, the part thereof to be issued in the conversion period to the claimant shall be the difference between the amounts applicable under this regulation of the benefit and of the part thereof issued to the said person other than the claimant.

(7) No review shall be necessary for the operation of this regulation and no benefit determination shall be reviewed under regulation 6 of the General Regulations (review of determination made by the Board or an Appeal Tribunal) for the purpose of giving effect to any changes made by the coming into operation of regulations 2 and 3 of these regulations and to any other changes due to decimalisation of amounts of the constituent parts of a person's requirements or resources.

BENEFIT DETERMINATIONS RENEWED IN THE CONVERSION PERIOD

6.—(1) (a) This regulation applies to every benefit determination, other than one made by way of review of an earlier determination, that satisfies the following conditions —

- (i) it is made in, or benefit thereunder first becomes payable in, the conversion period ; and
- (ii) it is made in respect of a period immediately following that of a benefit determination that either had effect before the appointed day or was made under this regulation or under regulation 7 by reference directly or indirectly to the amount of a benefit determination having effect before the appointed day.

(b) Where a period not exceeding three weeks separates two successive periods of entitlement to a supplementary allowance, the latter of these successive periods shall be treated, for the purpose of the preceding sub-paragraph, as immediately following the former if throughout the separating period —

- (i) the beneficiary registered for employment in the manner prescribed by regulation 4 of the General Regulations ; and
- (ii) he was disentitled to a supplementary allowance by the amount of his casual earnings.

(2) A benefit determination to which this regulation applies need not be recalculated in accordance with the provisions of Schedule I to the 1970 Act, as amended by these regulations, but may be of the same total amount as that payable under the said last previous benefit determination, or of such total amount adjusted in the manner provided by paragraph (4) of this regulation.

(3) For the purposes of paragraph (2) of this regulation, where the said last previous benefit determination terminated on or about the appointed day and benefit thereunder was not payable in the new currency for any period, that determination shall be treated as being of such an amount in the new currency as would have been applicable under regulation 5 of these regulations had that determination continued to have effect in the conversion period.

(4) Where by reason of any changes (other than changes attributable to decimalisation of the currency) the amount of the said last previous benefit determination would not be appropriate to the benefit determination to which this regulation applies, the amount of the latter may be calculated by reference to the amount previously determined, making the necessary adjustment by taking into account the difference between the amounts specified in or under the said Schedule I as amended by these regulations, for the preceding period, and for the period to be included in the new determination, respectively.

REVIEW OF BENEFIT DETERMINATIONS WITHOUT FULL RECALCULATION

7.—Where (notwithstanding the provisions of regulation 5(7) of these regulations) a benefit determination falls to be reviewed in the conversion period under regulation 6 of the General Regulations (review of determination made by the Board or an Appeal Tribunal) on the grounds that there has been a relevant change of circumstances within the meaning of that regulation or a change such as is referred to in paragraph (5) thereof, the amount of benefit payable under the revised determination need not be wholly recalculated in respect of periods beginning on or after the appointed day in accordance with the provisions of Schedule I of the 1970 Act in force at the date of the change, but may instead be calculated by reference to the total amount previously determined, making any necessary adjustment by taking into account rates and amounts under that Schedule applicable before, and after, respectively, the relevant change.

MISCELLANEOUS TRANSITIONAL PROVISIONS

8.—(1) No money payment on account of benefit shall be made otherwise than in the new currency.

(2) Where, for the purpose of determining entitlement to or the amount of benefit in the period beginning on the appointed day and ending on such day as the Treasury may appoint under section 16(1) of the Decimal Currency Act 1969 (an Act of Parliament), the amount of any constituent part of a person's requirements or resources has to be ascertained, if it is an amount expressed in the old currency it shall for that purpose be treated as being of the corresponding amount in the new currency calculated in accordance with the provisions of the Schedule to these regulations, which Schedule reproduces Schedule I to that Act.

(3) Where a benefit determination is made in the conversion period in respect of a period before the appointed day, the total amount payable in the new currency under that determination shall be the amount

that is equivalent to the corresponding total amount in the old currency or, if the equivalent amount would not be a multiple of whole new pence, the next larger amount in whole new pence.

GIVEN UNDER THE OFFICIAL SEAL
OF THE ISLE OF MAN BOARD OF
SOCIAL SECURITY THIS THIRTIETH
DAY OF NOVEMBER NINETEEN
HUNDRED AND SEVENTY.

EXPLANATORY NOTE

(This Note is not part of the Regulations)

These regulations come into force on 15th February 1971, the "appointed day" for the purposes of the Decimal Currency Act 1967 (an Act of Parliament applied to the Isle of Man by the Decimal Currency (Isle of Man) Act 1968). They amend provisions of the Isle of Man Board of Social Security Act 1970 ("the 1970 Act") and of regulations made thereunder and make other provisions facilitating, in connection with supplementary pensions and allowances, the introduction on that day of the new currency.

Regulation 1 is formal, Regulation 2 amends Schedule I to the 1970 Act to the extent of changing various specified amounts relevant to the calculation of requirements and resources into amounts in the new currency. Regulations 3 and 4 similarly amend regulations having effect under the 1970 Act; they also provide for the elimination of fractions of a new penny in making such calculations (and from benefit payments) and they provide for cases affected by repealed legislation referred to in Schedule 5 (transitional provisions to the 1970 Act).

Regulations 5 to 8 relate to transitional matters. Regulation 5 provides for the decimalisation — without review procedure — of benefit determinations made before the appointed day, so far as they extend into the "conversion period", (the period of two years beginning on the appointed day). Regulations 6 and 7 authorise determinations in the conversion period to be made by way of continuing (regulation 6) or adjusting (regulations 6 and 7) the total amount of the benefit under an expiring award (regulation 6) or one being revised (regulation 7), instead of by way of recalculating the amount under Schedule I to the 1970 Act taking into account the operation of regulations 2 and 3. Regulation 8 provides for money payments of benefit to be made in the new currency, for the conversion into the new currency, for the purpose of calculating benefit entitlement of certain amounts relevant for that purpose but still expressed in the old currency, and for the conversion of the total of any benefit in respect of weeks before the appointed day into an amount in the new currency.
